Magie, Swift, Smith, Lowrie and Littell.

Overture No. 8. A memorial from the Presbytery of Baltimore respecting the erection of a new church in the city of Washington; requesting the Assembly to recommend to the churches that a collection be taken up for this object, on a certain day, and that it be carefully secured by some one minister appointed in each Synod or Presbytery. The Committee to whom was referred the 14th Annual Report of the Board of Foreign Missions, would recommend that this report be approved; and in connection with this recommendation, they would offer for the consideration of the Assembly the following minute, viz:

*Resolved*, That the Assembly continues to regard with lively interest the Foreign Missionary work of our Church, and would acknowledge with devout gratitude to God his continued favour to and his blessing upon it.

*Resolved*, That the early removal of valued labourers from important fields—the critical condition of the mission to Siam—the limited measure in which the effusions of the Holy Spirit appear to have been imparted to the members of most of the stations, and the want of a deep and cordial interest in this cause on the part of some members of the Church, arising from the want of faith in God's word, and love to Christ, and compassion for those who are sitting in darkness, and the region and shadow of death; and in some cases for the want of information as to the nature, importance and condition of the Foreign Missions of our Church, are at the same time, the Assembly feel, to be recognized as reasons for humiliation and sorrow—of repentance and prayer, for pardon and endeavours after new fidelity, by all those who have been heretofore negligent of this cause and work of God.

*Resolved*, That the Assembly can, notwithstanding these and other discouragements, view the work of spreading the everlasting Gospel among uncivilized tribes and nations, as fraught with increased and substantial encouragement; and the fields occupied by our Church as those of great extent and promise—the varied and faithful labours of our missionaries as highly gratifying and auspicious in their character; and the increased attention especially by the Aborigines of our country in the missionary education of youth; and they recognize with special thanksgiving to God the hopeful conversion of some who were totally Pagans, Romanists and Jews, and the peaceful departure of others to the heavenly rest as indications of the presence and blessing of God in this important department of our work.

*Resolved*, That the Assembly observe, with much satisfaction, the steady increase of the pecuniary offerings which are made by the churches to the cause—the manifest energy of the officers and agents of the Board; the wise and efficient supervision of the Executive Committee and the growing influence of our body in this holy enterprise: and they would take the present occasion to call up all the friends of Christ among us, and all our Churches with a deeper feeling of dependence, a warmer zeal, a stronger faith and prayerfulness, and a more expanded liberality to go forward in the sacred work of evangalizing the nations and establishing the cause and kingdom of our Lord Jesus Christ in every land.

Nominations were made to fill vacancies in the Board of Foreign Missions, and the election made the second order of the day for to-morrow morning.

The Assembly then proceeded to the second order of the day; to choose a place of meeting for the next General Assembly. The Glebe Street Church, Charleston, South Carolina, was chosen; and 11 o'clock, A. M., on the third Thursday of May next, fixed as the time.

*Resolved*, That if the Presbytery of Louisiana shall think it desirable that Dr. McCauley be restored to the functions of the ministry, they be directed to procure all the information accessible on the subject, especially the record of the Presbytery in Canada relating to the case; and prepare all the papers in the case; and send them up to the General Assembly, that that body may take definitive action in the premises.

The Secretary of the Board of Publication presented the Annual Report of this Board, in a printed form; and on motion, it was referred to a special committee, to report on Thursday next, when the order of the day for 10 o'clock shall be taken up. The Committee on Foreign Correspondence submitted the following report, which was unanimously adopted, viz:

1. That the Rev. H. G. Comingo duly attended the annual meeting of the General Association of Connecticut, that he was kindly received, and that his report furnishes good evidence of the agreeableness and utility of the correspondence. The next meeting of that body will be held at Bridgeport, on the third Tuesday of June next.

2. That a respectful and kind letter has been received from the Rev. Jacob Helffenstein, one of the Delegates from the German Reformed Church, assigning satisfactory reasons for his non-attendance at this meeting of the Assembly.

3. That, as to the Communication from the General Association of Massachusetts, this Assembly, before receiving it, had appointed a Delegate to that body for the present year; but can by no means recede from the resolution adopted last year.

1. *Resolved*, That these reports be printed in the Appendix to the Minutes.

2. *Resolved*, That the Assembly learns with great satisfaction, the progress which has been made by the friends of the Seminary toward its complete endowment.

The Committee further report that they have found, in the Minutes of the Board of Directors which were put into their hands, a record of the proceedings on April 3, 1851, from which it appears that the Rev. Dr. McGill, Professor of Ecclesiastical History, &c., has sent in to the Board, to be transmitted to this Assembly, his resignation; and that the Board, for reasons recorded, assumed the responsibility of withholding the same from the Assembly. The Committee do not find in the records any intimation that Dr. McGill, although the Board voted to inform him of their action in the case, has retracted his resignation, which, therefore, now comes before the Assembly for its consideration.

Whereupon, on motion of Mr. Howard, the following minute was adopted, viz:

*Whereas*, The Rev. Dr. McGill, Professor of Ecclesiastical History, &c., in the Western Theological Seminary, did, for reasons satisfactory to himself, tender to this General Assembly, through the Board of Directors of that Seminary, the resignation of his Professorship; and whereas, in the progress of this affair, the causes which led to this act on the part of Dr. McGill, are supposed to be effectually removed; so that, although he could not see his way clear to withdraw his resignation, yet he is now willing to remain in his present post; and whereas the interests of that important and increasingly useful Institution most urgently demand the continuation of his services: therefore

*Resolved*, That, in the judgment of this Assembly, Dr. McGill will most effectually serve the Church, and promote the interests of the Redeemer's kingdom, by remaining in his present office.

The report of the Committee was then approved.

On motion, the first order of the day was postponed till this afternoon, at 4 o'clock, and the second till to-morrow morning at 11 o'clock, A. M.

The Assembly then adjourned. Closed with prayer.

*Resolved*, That in the judgment of the Assembly, great prudence and courtesy should be manifested by the Presbyteries in the reception of churches from the Classes of the Reformed Dutch Church ; and that where it is practicable, the consent of all parties concerned should be at least sought, and, if possible, secured ; but that the adoption of an absolute rule, such as is proposed by the General Synod of the Reformed Dutch Church, would probably be productive of hardships to churches and inconvenience to both denominations ; and therefore, for the present at least, the Assembly very respectfully and fraternally beg leave to decline its concurrence in the adoption of said rule.

3d. *Resolved*, That this Assembly learn with pleasure the success which has attended the publication of the Presbyterian Sabbath School Visitor, and recommend it to the hearty support of all the churches under its care.

4th. *Resolved*, That, in order to bring the publications of this Board more fully to the notice of the public generally, and the churches under the care of the General Assembly, and to furnish increased facilities for obtaining them, and thereby extending encouragement to colportage; it is recommended to the Board, by such arrangements as may seem best to them, to place a full supply of their publications at such points of general access as they may select.

view in this Overture, though we are not prepared, at present, to recommend any new, distinct agency for this specific result.

2. *Resolved*, That the Board be especially instructed, as soon as suitable men can be obtained, to extend their operations to the valley of the Rio Grande, to Chagres, Panama, and other places now open, or which, in the providence of God, may be opened, in South America and Mexico.

4. *Resolved*, That the Assembly would recommend to the Board to take measures to have a separate collection made in the churches, for the diffusion of the light of evangelical truth in Papal countries, unless the same object can be as well reached in some other way.

5. *Resolved*, That the Assembly would recommend to the Board to appoint a sufficient number of agents, assigning to each a different field of labour, whose duty it shall be to advance the work in every proper way, and especially by bringing it before the church judicatories in their respective districts.

6. *Resolved*, And that, in order to increase and enlarge our operations among the Indian tribes, the Board be authorized and encouraged to employ such additional assistance as the exigencies of this branch of the missionary work may require.

5. *Resolved*, That the Board of Missions be requested to keep in view the increasing number and religious wants of the German population in our country, and to do whatever may be practicable, to furnish them with the ministry and means of grace.

6. *Resolved*, That the General Assembly rejoices in the special interest which is manifested by so large a number of our Presbyteries in the work of Domestic Missions, and looks forward with an assured hope that this interest will become universal, and that it must result, under God, in incalculable blessings to our Church and country.

This order was taken up, and the Rev. William H. Green, of Philadelphia, was duly elected.

The second order of the day was next taken up, the election of members to fill vacancies in the Board of Directors at Princeton. The following persons were duly elected for three years:

| MINISTERS. | ELDERS. |
|---|---|
| John N. Campbell, D. D. | Lewis W. R. Phillips, |
| George Potts, D. D. | Ebenezer Platt, |
| John Johnston, D. D. | Ira C. Whitehead. |
| John McDowell, D. D. | |
| H. N. Wilson, | |
| D. V. McLean, D. D. | |
| Wm. Neill, D. D. | |

The discussion on the report from the Committee on the Annual Report of the Board of Education was then resumed, and the following resolutions were adopted, viz:

1. *Resolved*, That in the judgment of this Assembly, the wants of the Church, and the general improvement of the age, demand increasing attention to the qualifications of candidates for the ministry; and that with the view, partly, of keeping more prominent the idea of the necessity of literary attainments in our candidates, and partly with the view of other advantages, the Board of Education are hereby allowed to give to their appropriations the title of scholarships, and the Presbyteries are enjoined to use their best endeavours to raise the standard of qualification for the ministry.

2. *Resolved*, That the practice of requiring from young men a pledge to enter the ministry, especially in the early stages of their preparatory studies, is not deemed conducive to the best interests, either of the candidates or of the Church; and the Board of Education are hereby authorized to modify their rules accordingly.

3. *Resolved*, That this Assembly prefer that young men within their bounds, who are looking forward to the work of the ministry, should be *officially* recognized as *candidates under the care of Presbyteries* only when they are prepared to enter upon their theological studies; and that until that time they be regarded simply as students on probation, under the general watch and patronage of the Presbyteries.

4. *Resolved*, That whilst home nurture is, according to the word of God and the covenant of his grace, a main reliance of the Church for the salvation of her children, Providence also testifies to the importance of public education on Christian principles in schools, academies, and colleges; and particularly to the intimate relation between Christian education and the power of the gospel as proclaimed in the sanctuary; and therefore that

home, the school and the church, should all be imbued with the spirit of consecration to the Lord Jesus Christ.

5. *Resolved*, That this General Assembly, entertaining a lively interest in colleges in view of the past history of the Presbyterian Church, its present prosperity, and its future hopes, learn with great satisfaction the general progress attending this department of Christian education, and also the addition of Westminster College, at Buffalo, to the list of these institutions. And it is recommended to our churches and members to assist, as far as possible, in the endowment of our colleges, and to co-operate with the Board of Education in sustaining them during the interval in which they may need aid.

6. *Resolved*, That this General Assembly has a deep sense of the importance of giving to its youth a Christian education in academies and colleges on a more extensive scale than has yet been practised within our bounds; and that for the purpose of contributing to some extent in bringing forward promising young men of suitable character, other than candidates for the ministry, the Board of Education are hereby authorized to apply to this object whatever funds may be thus specifically appropriated by the donors.

7. *Resolved*, That in collecting funds for the purposes of education, the Board shall in all cases keep specific contributions for *candidates*, or for *schools*, *academies*, *and colleges* distinct from each other; but if no special direction is indicated, then the funds be cast into a common fund which shall be wholly appropriated to the education of candidates for the ministry.

8. *Resolved*, That the Board of Education, on account of its responsible work and the increased pecuniary liabilities attending it, be commended to the liberality of all our churches, and that the Presbyteries endeavour to secure collections for the cause of education, either general or ministerial, as may be preferred by the churches.

9. *Resolved*, That the last Thursday of February be observed as a day of special prayer for the outpouring of the Spirit of God upon the youth of our land who are pursuing their studies in literary Institutions; and especially that many of them may be called and qualified by divine grace for the work of the ministry.

All which is respectfully submitted.

A. W. Leland, Chairman.

Mr. Burch, from the Committee on the minute in Judicial Case No 1, made the following report, which was adopted as the final action of the house in the whole case, viz:

The Committee appointed to bring in a minute in reference to "Judicial Case No 1," report, first, the facts in the case. A communicant, by the name of Ambrose Stone, in the Irish Grove church, for a long time abstained from partaking of the communion of the Lord's Supper. He also, for a long time, ceased to worship God in his family. He repeatedly requested the session to *dissolve* his connection with the Church of Christ, assigning as the only reason for this course of conduct, that he believed he had never been born again, and that he had no love to Christ. The session did eventually comply with his request, and resolved that his connection with the Church be dissolved.

This church was under the care of Sangamon Presbytery. The Presbytery upon reviewing the Records of the session of Irish Grove church, considered this a case of excommunication, and declared the action of the session not only unconstitutional, but also null and void; and that Mr. Stone was still a member of the Irish Grove church. The Moderator and Elder from that session claimed the right to vote in this disapproval of their Records, which was refused by Presbytery. The session then complained

to the Synod of Illinois, of the whole action of the Presbytery in the case. The Synod sustained and approved the action of the Presbytery.

This case was then brought before the General Assembly by the Irish Grove church session, in the form of a complaint against the Synod of Illinois, because it sustained the action of the Presbytery. The Assembly having fully heard the parties in the case, adopted the following resolutions, viz:

1st. *Resolved*, That no church session has authority to dissolve the connection of a communicant with the Church of Christ, except by excommunication, and that the sessions of our Church are bound to proceed according to the directions given in our Book of Discipline, when they do excommunicate a member. The Assembly does, therefore, condemn the action of the Irish Grove session in dissolving the connection of Mr. Stone with the Church of Christ, in the manner in which it did, as irregular and unconstitutional.

2d. *Resolved*, That the Presbytery of Sangamon acted correctly in not permitting the members of the Irish Grove session to vote for approving or disapproving their own records; that the Presbytery acted correctly in declaring the action of the session, in Mr. Stone's case, to be irregular and unconstitutional; and that then the Presbytery, without proceeding for that, ought to have required the session to review and correct its proceedings, in this case, according to the directions given in our Book of Discipline.

3d. *Resolved*, That the Synod ought to have directed the Presbytery to require the session to review and correct its proceedings, according to the directions given in our Book of Discipline.

On motion, the action of the Assembly in Judicial Case No. 2, viz. the complaint of Wm. M. Lively, was reconsidered, and the whole case was finally dismissed.

On motion of Mr. Phelps, it was resolved that a Committee be appointed to consider the whole subject of the expenses of Commissioners to the General Assembly, and report, if practicable, some plan by which those expenses can be more equally distributed. Messrs. Joshua Phelps, minister, B. F. Whittner of Florida, and Gilbert T. Snowden of South Carolina, were appointed this Committee. The Assembly then adjourned. Closed with prayer.

MONDAY AFTERNOON.

The Assembly met, and was opened with prayer.

The minutes of the last session were read and approved.

Mr. Burch, from the Committee to whom were referred the Records of the Synod of Illinois, reported that they be approved, with exceptions; this was adopted. It was also ordered, in accordance with the recommendation of this Committee, that the boundaries of the Presbytery of Palestine be definitely fixed by this body, as they were fixed by the Assembly of 1849.

The Rev. Dr. Wheeler, from the General Convention of Vermont, addressed the Assembly, by common consent; presenting assurances of Christian regard and confidence on behalf of that Convention, which were reciprocated by the Moderator.

The unfinished business, viz: Overture 15, A memorial from the Presbytery of Wisconsin, to form the Synod of Wisconsin, was taken up.

On motion of Dr. Plumer, the report of the Committee and various amendments were laid on the table, in order to consider the following substitute, which was adopted as the final action of the house, viz:

*Resolved*, That the Presbytery of Wisconsin be divided into three Presbyteries, and that they thus formed be erected into a Synod, under the

name, provisions, and specifications embraced in the memorial sent up by said Presbytery to this General Assembly on that subject, and that it be directed to meet on the last Tuesday of June, at 7 o'clock, P.M. at Fulton; Rev. Thomas Frasier to preach the opening sermon, and preside until a Moderator be chosen. And whereas the records of the Presbytery of Wisconsin have not yet undergone Synodical revision, that they transmit to the next Assembly all the records of their Presbyterial acts prior to their erection into a Synod by this action of the Assembly, for revision as in the case of Synodical records. Provided that this action of the Assembly does not change in any respect the line of boundary between the Presbyteries of Wisconsin and Rock River.

On motion of Dr. Jones the following resolution was adopted.

*Resolved*, That the Assembly do hereby order and constitute a Presbytery in Oregon, consisting of Messrs. Thompson, Geary, and Robe; and that they be empowered to assemble and constitute themselves a Presbytery, at such time and place during the ensuing summer or autumn as may be found most convenient to them, and report to the next General Assembly, and for this purpose these brethren be detached from the Presbytery to which they belong, and when formed, the said Presbytery be attached to the Synod of New York; and the Presbytery to be called the Presbytery of Oregon.

The Report of the Committee on Church Music was then resumed, as unfinished business, and the resolutions recommended by the Committee, being amended, were adopted, as follows:

1st. *Resolved*, That the Committee on Sacred Music be discharged, and their functions transferred to the Board of Publication.

2d. *Resolved*, That the Board of Publication, if they shall find it impracticable to procure the assent of owners of copyright, be instructed to proceed to the publication without such tunes as are thus withheld; and that in getting up the Book of Tunes, they bind with it by way of Appendix a sufficient number of blank pages of music paper, for such manuscript additions as may be desirable to purchasers of the work; and that the Book of Music consist of the tunes, a list of which was finally approved by the Committee, and none others, omitting only those which are held by copyright.

The Assembly then adjourned, to meet this evening at 8 o'clock.

Closed with prayer.

MONDAY EVENING.

The Assembly met, and was opened with prayer.

The minutes of the last session were read and approved.

On motion of Dr. McKinney, it was *Resolved*, That this Assembly, highly approving of the objects aimed at by the American Colonization Society, cordially renew the recommendation of that Society to the prayers and beneficence of our Churches.

Overture No. 1 (See Appendix) was then taken up from the docket, and after a motion to adopt the minority report of the Committee and another motion to amend it, the whole subject was referred to the next General Assembly.

Overture No. 2, respecting a change in the boundary line between the Synods of New Jersey and Philadelphia, was then taken up, and the recommendation of the Committee on Bills and Overtures was adopted, after being amended, as follows:

*Resolved*, That the territory of the second Presbytery of Philadelphia be so extended, that the Delaware river shall form the boundary between it

and the Presbytery of Raritan and Newton, as far north as Martin's Creek; and that the churches within said territory be, and they hereby are transferred to said second Presbytery of Philadelphia; with the exception of the churches and pastors of the Presbytery of Raritan, on the west side of the Delaware river.

Overture No. 8 was then taken up, respecting the erection of a new church in the city of Washington; and after debate, the whole subject was indefinitely postponed.

On motion, the calling of the roll was dispensed with.

The minutes of the last session were then read and approved.

And the Assembly having completed their business, it was

*Resolved*, That this General Assembly be dissolved, and that another General Assembly, chosen in like manner, be required to meet in the Glebe Street Church, in the city of Charleston, S. C., on the third Thursday of May, A. D. 1852, at 11 o'clock, A. M.

Accordingly, the Moderator pronounced the Assembly dissolved, according to the prescribed form, with singing, prayer, and the apostolical benediction.

ALEXANDER T. McGILL, Permanent Clerk.

St. Louis, *May* 26th, 1851.

## SPECIAL PRAYER FOR THE GENERAL ASSEMBLY.

In the Minutes of the General Assembly for the year 1821, is the following important rule, which was adopted by the Assembly.

"An overture from the Synod of North Carolina was received and read, and is as follows, viz:

"Whereas the General Assembly is the highest and most important judicatory of the Presbyterian Church; and whereas to obtain the Divine blessing on that judicatory must appear to every Christian of our denomination to be a matter of the utmost moment; therefore,

"*Resolved*, That this Synod do respectfully suggest to the General Assembly the propriety of recommending to all the churches under their care, to observe, annually, *the afternoon or evening previous to the meeting of that body*, as a season of special prayer to Almighty God for his blessing; that he would, of his infinite mercy, condescend to superintend and direct all their measures, deliberations, and decisions; so that all may redound to the promotion of His own glory, and the general prosperity of that particular Church to which we belong."

# NARRATIVE OF THE STATE OF RELIGION

ADOPTED BY THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES, AT ITS SESSIONS AT ST. LOUIS, MAY, 1851, AND ADDRESSED TO THE CHURCHES UNDER THEIR CARE.

*Beloved Brethren*—A review of the dealings of God with us during the past year affords abundant occasion for praise and thanksgiving, and confirms our confidence in the faithfulness and power of the King of Zion. The Lord hath remembered his holy covenant, and through the grace of our Heavenly Intercessor, he hath richly blessed this portion of his heritage.

Though death has removed many from the service and communion of the Church on earth, our flocks have not been diminished by "the pestilence that walketh in darkness, or the destruction that wasteth at noonday."

The reports of the several Presbyteries evince a continuance and increase of the peace and harmony that have been so long the joy and strength of our Zion. Though the territory included within our bounds extends from New England to the Gulf of Mexico, and from the Atlantic to the Pacific, our brethren (to the praise of the God of peace be it spoken,) are dwelling together in unity—with one mind striving together for the faith of the gospel. A common attachment to the doctrines of our standards, and a cordial adherence to our ecclesiastical polity and modes of operation, bind us together in the unity of the Spirit and in the bond of peace; so that our beloved Zion, thus knit together, presents the delightful spectacle of an unbroken phalanx, marching under the banner of the Prince of Peace, and prepared by his grace to unite with willing hearts and hands in the work to which he calls us.

A cordial sympathy with those portions of the Protestant Church whose symbols agree with our own, manifested in correspondence and fraternal intercourse, clearly show that the Captain of our Salvation is marshalling his scattered and diversified forces, and summoning his sacramental host for stern conflicts and contendings with the powers of darkness.

Our beloved Church, on the opening of this new half century, seems to be putting on strength, even the whole armour of God, that she may stand in the day of battle. That she is thus girding herself for new labours, and, we trust, for new victories, is manifest from the increased attention that is everywhere given to the appointed means of invigoration and improvement.

The little ones of Christ's flock are beginning to receive somewhat of the attention and the culture which the God of the covenant claims in their behalf. Sabbath schools, Bible and Catechetical classes, are sustained, with a very few exceptions, in all our churches. The ordinance of Infant Baptism is observed with increased interest and solemnity, and the obligations involved and recognized in this institution appear to be more deeply felt by parents, pastors, and churches. We find evidence of this in the fact that the Catechism is systematically taught in so many of the families and Sabbath schools in our communion.

From the narratives of the Presbyteries it appears also that there is a deeper and more decided conviction penetrating the hearts of ministers and church members, that the Church of our Lord Jesus Christ is a Missionary and Educational Institute, ordained of God, and commissioned by his Son to evangelize and educate the whole family of man; and that every member of the Church is solemnly bound and pledged to fulfil, by personal efforts and influence, the functions of missionary and teacher, and thus become, each in his own sphere and according to the measure of his ability, "the salt of the earth, and the light of the world." There is evidently a more distinct and intelligent appreciation of the true position and proper functions of the Church, and of her relations to Christ, her Head, to the members which constitute her body, and to the world, the field of her labour; and an approximation towards that normal and perfect state of the Church, foretold by the prophet when the people of Zion shall be all righteous, and every one that is written among the living in Jerusalem shall be holy.

The increased interest manifested in the several Boards of the Church, the prayers offered for their success, and the contributions made for their support, indicate a healthy confidence in these appointments and appliances for the world's evangelization. By such works as these the Church shows her faith in the covenant and kingdom, and gospel of Jesus; and it is a subject of rejoicing and gratitude that the annals of the past year afford

some evidences of a living, growing, and aggressive Christianity. While we come very far short of our duty in this behalf, while our prayers are feeble and almost faithless, our contributions exceedingly meagre in comparison with our means, and our efforts weak, there is a more frequent and earnest inculcation of principles, which, with the attending energies of the Holy Spirit, must lead to a more entire consecration of time, of talent, and of substance of ourselves and our children to the kingdom and service of Christ.

Something has been done during the past year to carry the light of the blessed gospel into the dark realms of Paganism. Portions of Asia, of Africa, and of Europe, and some of the native tribes of our own Continent have heard the joyful sound through our instrumentality; but alas! how little have we done in comparison with our means, and the urgent necessities of perishing millions!

The Board of Domestic Missions has prosecuted its great and glorious work with success, and has supplied many of the waste places of our land with a faithful ministry. But the means that have been furnished are wholly inadequate to the wants of our country and the claims of the Board. Its enlarged and comprehensive plans, its sublime policy, alike evangelic and patriotic, cannot be executed without carrying into effect more earnestly our religious principles, and fulfilling more faithfully our Christian vows. The high vantage-ground occupied by our branch of Zion; the accessibility to our efforts and influence of the vast territory that claims our aid; the acceptableness and adaptation of our doctrines and discipline to the dwellers in these fields white for the harvest, demand of our ministers and people a great augmentation of interest and faithfulness in this department of our labours.

In our educational movements there are abundant indications of progress. The increase of candidates for the gospel ministry, and the establishment of new Colleges, Presbyterial Academies, and Parochial schools, show that the labours of the Board of Education have not been in vain. The great enterprise in which this Board is enlisted not only commands increased attention on the part of our own churches—it challenges also the investigation and sympathy of other religious bodies, and the profound consideration of statesmen and philanthropists. It has awakened inquiry as to the proper province of the State in the matter of education, and how far its jurisdiction may be co-ordinate or conflicting with that of the Church. The established relation of Christian education to the supply of the Church with a faithful and qualified ministry is more fully understood and appreciated. It is regarded in its true light as a divinely instituted means to a divinely ordained end. The obligation to revive and carry into effect the practice of the primitive Christians and of the Reformers, as expressed in the rule of John Knox, to "put up the school with the kirk," is beginning to be more deeply and extensively felt. The School, the Academy, the College, and the Seminary, under Christian auspices, are regarded as the bulwarks of our Zion—as Institutions on which we may hopefully implore the divine benediction. They have already received the seal of God's approval. The revivals in Hanover College, and in several of our Presbyterial Academies during the past year, show that the Lord of the harvest has heard the supplications of those who are praying that he would send forth labourers into his harvest, and that he graciously employs these institutions as means for promoting the enlargement and perpetuity of Zion.

A good degree of interest has also been manifested in the labours of the Board of Publication. Our churches are recognizing and realizing in some measure the importance and power of the press, as an instrument which Providence calls upon us to employ in spreading the truth, and sowing the seed of the kingdom. During the past year the Board has sent forth many streams of light and truth, which have made glad the city of our God. The colporteurs engaged in this service have been welcomed and cheered by our churches, and their labours have been richly blessed. This agency, of vast incalculable importance in respect to the purifying our own literature, the conservation of true religion, and the creation of a thirst after religious and doctrinal reading, is acquiring a strong hold on the sympathies of God's people. The increasing progress and remarkable prosperity of the Board of Publication show that it is enjoying the favour of both God and man, and that it deserves, as it is beginning to receive, the cordial and liberal co-operation of the churches in the advancement of its plans and operations. The Presbyterial reports do not show to what extent the *Home and Foreign Record* is taken; but it is feared that the influence of this important periodical is not felt so extensively as it ought to be. The narratives of the Presbyteries show the gratifying facts that there has been generally an increased attendance on the ordinances of God's house; that pastoral visitation has brought into the abodes of the people the influences and consolations of the gos-

pel; that the Sabbath, with some sad exceptions, is remembered and honoured; that the duties of family religion are maintained; and that the appointed meetings for prayer and the monthly concert are regularly observed in most of our churches. They also evince a growing respect for the outward order and covenience of worship in the erection and repairing of church edifices. Several parsonages have been erected, and in many instances debts of long standing have been liquidated. The work of Church extension, by mission schools and colonies from the older churches, has been prosecuted with great success by several of our city congregations.

The retrospect of the past year calls for devout thanksgiving for these external advantages, for the beauty and fitness of our outward organization and array, and for the multiplied facilities which God hath mercifully vouchsafed to us. But the Presbyterial narratives do not make mention of fruits correspondent to such eminent advantages. While every Presbytery reports some additions to the number of communicants, and an increase more or less extensive in nearly all the churches—while the aggregate shows a gradual and general advancement, there are many portions of our Zion, from which the special outpourings of the Spirit have been withheld. But in the midst of deserved wrath, God hath remembered mercy. He hath not left us without many precious tokens of his faithfulness.

In forty-two of the ninety-one Presbyteries, which have sent up their narratives, one or more churches in each have been refreshed by precious revivals, attended in some instances by large accessions to their numbers. The churches on which these showers of Divine grace have fallen most abundantly are within the limits of the Synods of New York, New Jersey, Philadelphia, Pittsburgh, Wheeling, Ohio, Indiana, Missouri, Virginia, South Carolina, Georgia, and Mississippi. As the result of these effusions of the Holy Spirit, large additions have been made to several of the churches within the bounds of the Presbytery of Hudson, Huntington, Ohio, St. Clairsville, Columbus, Richland, Madison, Harmony, and Chickasaw.

Many other churches, though they have not enjoyed a special revival, have nevertheless been cheered by the continued manifestations of God's presence, attending the ordinary means of grace. The word preached has been made quick and powerful; prayer has been answered; God's people quickened; sinners convicted and converted; and many added to the Church of such as shall be saved. In every portion of our Zion the voice of supplication is heard, and the earnest cry, *Lord, increase our faith—Revive thy work.* There comes also from every quarter the voice of lamentation for lukewarmness and apathy; confessions of sin; expressions of dependence on the power and sovereign grace of God; manifestations of sympathy and fellowship; utterances of faith and of devotion, with many other like evidences of deep interest in the spiritual advancement of Zion, which awaken the hope that the Head of the Church has in reserve for his people rich pentecostal blessings, and that he will bestow these mercies in overflowing plenitude in answer to their fervent and persevering prayers.

The labours of pastors and churches in behalf of the coloured population within our bounds, and especially in the Southern States, have been prosecuted with zeal and energy. Systematic efforts are made for the instruction and spiritual improvement of the multitudes of the African race who have been placed by Providence within our reach and influence in this country; and these efforts have been attended with the happiest results, and with evident tokens of the divine blessing. The welfare of the children of Africa in their native land has also been a subject of profound interest to our churches. The desire to give to them the gospel, with its attendant blessings, is becoming more and more intense, and manifests itself in the high regard and cordial sympathy with which the operations of the American Colonization Society are regarded by the people of God in this part of his heritage.

It is painful to notice the fact that in some portions of our territory Sabbath desecration prevails to an alarming extent.

The temperance reformation has not made any decided progress during the past year. In some localities there has been an advancement; but generally, there are sad indications of re-action, and of a retrograde movement. The progress of this work of reformation has been greatly hindered by efforts to carry it forward without the gospel, and by means of associations that do not recognize the fact that no reform can be pure and permanent which is not sustained by the power and principles of Christianity.

While the aspects of the Church are on the whole encouraging, there are several things which call for deep humiliation. Among these we would notice,

1. *Worldliness.* A conformity to the principles and practices of the world stands pre-

eminent among the evils which prevail among us. There are too many of the professed followers of Christ who walk according to the course of this world, and who evince the sad ascendency of a carnal mind, of worldliness, in a want of faith; in a neglect of the means of grace and of personal and family piety; in a disregard of the interests of Christ's kingdom, and in discords, divisions, and divers lusts that war against the soul.

2. Another evil that calls for sorrow and lamentation is a forsaking, on the part of some, of the assemblies of the saints for social worship, and especially of the Monthly Concert of Prayer for Missions. The small number that regularly attend these services manifests a melancholy destitution of a sense of personal obligation, and of individual responsibility on the part of many of the professed subjects of Christ's kingdom. When the representatives of the King of Zion are summoned before his throne of grace to exercise the blessed and blood-bought right of petition, there are many who regard themselves as exempt from this service, and as released from their obligations to join with others in prayer and supplication for the coming of the Redeemer's kingdom. This great and crying evil demands the serious consideration of our ministers and churches.

The *third* and last evil that we will notice is the want of self-denial and liberality in sustaining the enterprises in which our Church is engaged. The work which the Great Head of the Church has committed to us in this broad land, and throughout the world, demands self-denial. The unity of heart and faith with which he has bound us together; our excellent organizations and favourable position; the abundant means and opportunities vouchsafed to us, impose on us, on every minister, elder, and church member in our communion the most solemn responsibilities, and call for ceaseless vigilance lest we should fail in fulfilling our high and sacred trust.

The openings in heathen lands, the destitute places in our own country, the hundreds of feeble churches within our bounds, and especially in the South and West, demanding a great increase of labourers; the call for Christian teachers and for institutions of learning under our ecclesiastical influence; the desire for religious books and tracts, illustrating the doctrines of our faith, make it necessary that there should be much enlargement of heart and a vast increase of liberality. The sustentation of these works of faith and labours of love, in the true spirit of the gospel, demands the exercise of that self-denial which the gospel makes a test of discipleship. How little of this self-sacrifice has all our charity cost us. Though some have given out of their deep poverty, the greater part of us have given out of our abundance, and very few according to our ability and prosperity. The great work set before us, the eventful times in which we live, the condition of perishing millions, require the sacrifice of this world's wealth, and pride, and glory, to the service and kingdom of our divine Redeemer. God is saying: "Speak unto the children of Israel, that they go forward." The world is going forward with a mighty and magnificent progress in all things pertaining to civil and secular aggrandizement. The prince of this world is going forward with terrible energy in the hearts of the children of disobedience, and in the machinations and movements of the Man of Sin. At such a time as this the children of God, in whose hearts and hopes are the elements of an eternal progress, cannot be at ease in Zion and idle in the vineyard of the Lord. Following the beckonings of his guiding hand, and the biddings of his Providence and Spirit, let us go whithersoever the Lamb leadeth us, whether it be to the green pastures and still waters, or to battle with the strongholds of Satan. If we patiently "look unto Jesus, the author and finisher of our faith, who, for the joy that was set before him, endured the cross and despised the shame," the victory is ours. Let us remember, that the work which the Master hath given us to do, cannot be accomplished without an invincible faith; a love that cannot be quenched; a spirit of prayer that prevails with God, and a self-denial that renounces and overcomes the world.

In view of all these things, let every minister and member of our beloved Church say with the prophet: "For Zion's sake will I not hold my peace, and for Jerusalem's sake I will not rest, until the righteousness thereof go forth as brightness, and the salvation thereof as a lamp that burneth." Let the watchmen on the walls of our Jerusalem "never hold their peace day nor night;" and let them "that make mention of the Lord keep not silence, and give him no rest till he establish, and till he make Jerusalem a praise in the earth."

### *Abstract of the Annual Report of the Board of Missions from May* 1850 *to May* 1851.

The Report commences with a notice of the great commission given by our Saviour to his Church and people, to go forth and gather his elect "out of every kingdom, and tongue, and people, and nation," and the part our branch of the Church of Christ is now taking in this great work. Our own country, as the field assigned to the Board of Missions—the *immensity* of its territory, exceeding that of all Europe by some 500,000 square miles—the present, and rapidly increasing population, together with its various and vast resources, is next noticed at length. Also, what has been accomplished by our Church from its first ecclesiastical organization in 1705, down to the present time. The area, increase of population, destitution, &c., of the different States and territories are noticed at length, giving in the aggregate an immense amount of statistical information, which in a condensed form has never before been given to the public, thus forming an important document for future reference.

A review of the whole missionary work, from the organization of the Board in 1816 to

the present time, is next given, only an extract of which can here be given: "From 1830, when the Board was fairly in action under its re-organization of 1828, to 1850 inclusive, the increase of *Missionaries* has been from 101 to 570, or 469. The increase of funds, from $12,632 to $79,049, or about $67,000. The number of *new churches organized* 943, averaging 47 a year. The number of *houses of worship* of all kinds erected, 1484, averaging 74 a year. The *number of souls added to the missionary churches* upon profession of their faith, 40,537, not reckoning here the number added by certificate."

This certainly presents an encouraging aspect of our missionary work, but look at the bearing of this work upon the *expansion of our Church!* In the year 1842, we had 19 Synods, and 101 Presbyteries; 1316 ministers; 1904 churches, and 140,433 members. And in 1850, we had 23 Synods; 127 Presbyteries; 1926 ministers; 2595 churches, and 207,254 members. Showing an increase in these *nine* years of 4 Synods; 26 Presbyteries; 610 ministers; 691 churches, and 66,821 members—at the average rate annually of nearly 3 Presbyteries, 68 ministers, 76 churches, and 7425 members. Of this increase of *churches*, 495 are reported as having been added by missionaries of the Board, and of this increase of *members*, 19,397 were added to the churches served by our missionaries. And the additional Presbyteries are nearly all the product, more or less, of the missions of the Church, as will be seen by the mention of their names: Luzerne, Zanesville, Montgomery, Knoxville, Chickasaw, Fort Wayne, Lake, Michigan, Wisconsin, Rock River, Potosi, Upper Missouri, White Water, Muncie, Cherokee, Creek Nation, Washita, Nebraska, Brazos, and California. Already the missionaries of this Board are spread over the whole United States, east of the Mississippi, with the exception of a small portion in the north-east. They have crossed that river, and have begun vigorously to fill up that immense country from the Gulf of Mexico to the British possessions on the north. Yea, they have crossed the continent itself, and in that new world in the far west, they are laying the foundations of the kingdom of Heaven. The conviction then, must surely fasten upon the mind, that the *missionary work belongeth to the Church of God*, and that the prosecution of it by our Church in all times past, feeble as it may have been, yet hath it been THE VERY SOUL AND LIFE, PROSPERITY, EXPANSION, AND HAPPINESS OF OUR CHURCH. Without it, where should we have been?

And the prosecution of this work is *now the very soul and life of our Church.* Abandon it—crush it by whatever means, and we must die. Who would crush it? It hath the highest seal of the approbation of the living God. *Forty thousand* immortal souls snatched from everlasting sin, and introduced into the family of God. What a seal! And a multitude of this host are now before the throne of God in heaven, giving him thanks for the instrumentality of this Church, which by his grace led them unto life eternal. It is a seal infinitely valuable above the contributions of millions of gold and silver, and above all the cares, and labours, and sacrifices of men, that has ever been bestowed. Let the Church fall down in humble gratitude and adore the Lord God for the wonders of love and mercy which He has wrought by his people.

### THE PROSECUTION AND SUCCESS OF THE WORK THE PAST YEAR.

The *number of missionaries* in commission at the beginning of the year, May 1st, 1850, was 362, to which have been added to May 1st, 1851, 229. Making the whole number during the year *five hundred and ninety-one.*

The number of *churches and missionary stations* wholly or in part supplied has been as far as reported 1113. The number of churches organized in their missionary fields as reported, 49.

The number of additions on examination 2118, and on certificate 1760, making a total of admissions of 3878.

The whole number in communion with the missionary churches 25,894.

The number of Sabbath schools reported 610, of *teachers* 4096, and of *scholars* 24,824, baptisms 2279, houses of worship erected 64. When these returns were incorporated into the Report, there were 146 missionaries not heard from, consequently they fall very far short of the true state of the missionary work of the Church.

These missionaries have been faithfully employed in preaching the gospel, conducting public prayer meetings and Bible classes, promoting temperance, circulating the Scriptures and good books, visiting families, and in every way seeking to build up the people of God in their most holy faith. The state of religion in the missionary field has been very encouraging. Many interesting revivals have been reported.

Nor should we fail to record with the liveliest thankfulness the attention paid, in some parts of our bounds, *to the religious instruction of the coloured population.* In New York

and New Jersey the Board have had two coloured ministers serving coloured congregations. The moral and religious condition of this class of our population, especially in the chief towns, is such as calls loudly for the sympathies and aid of Christians of all denominations. From the southern and south-western States within a few months, we have received some *fifty* reports, giving accounts of labour performed, and of much encouragement in this field of missionary labour.

Our ecclesiastical year has heretofore closed on the 1st of May. So little time intervened between this and the meeting of the Assembly, as to render the report of the Board necessarily imperfect. To avoid this, the Board have determined hereafter to close the year on the 1st of April. They have also passed the following preamble and resolutions in respect to ante-dating commissions:

In consequence of the constantly repeated applications of Presbyteries to ante-date commissions, some for three, others for six, and some even for twelve months, and without any apparent reason, other than want of attention and prompt action on the part of Presbyteries and Committees of Presbyteries on Missions, thereby embarassing the business of the Board, and depriving the Board of an accurate knowledge of the expenses of our Missions, for which provision must be made weekly, therefore,

1. *Resolved*, That the Presbyteries and the Committees of Presbyteries on Missions, be respectfully requested to have Commissions of their missionaries renewed, before the expiration of their time of service, if practicable to do so, and *in all cases to state definitely the time when they wish the Commission to be dated.*

2. *Resolved*, That from and after the 1st day of May, 1851, the Board will *ante-date* no Commission *beyond two months from the time of the reception of the application at the Mission Rooms*, either in Philadelphia or in Louisville.

3. *Resolved*, That the 1st and 2d resolution of this action of the Board be printed on the Commissions of our missionaries.

4. *Resolved*, That this action of the Board in relation to ante-dating Commissions, be communicated to the Presbyteries, through the Home and Foreign Record, and other papers of the Church.

The enlargement of the Church the past year, chiefly through the instrumentality of her Missions, was the division of the Presbytery of Brazos into three Presbyteries. Also the Presbytery of Wisconsin into three Presbyterics, thus opening the way for the constitution of two new Synods. Also the division of the Presbytery of Iowa into two. These two latter number seventeen ministers. Two years ago there was but *one* minister on the ground now occupied by the Presbytery of Cedar. Two missionaries were sent out to Oregon Territory this spring—the Rev. Edward R. Geary and the Rev. Robert Robe—the former by the Isthmus, and the latter by the overland route. These, should they arrive safely, with the Rev. Lewis Thompson, who is already there, will be a sufficient number to constitute the Presbytery of Oregon.

### FUNDS.

The whole amount of funds placed at the disposal of the Board during the year, has been *eighty-two thousand eight hundred and eighteen dollars and fifty-one cents.* The amount paid out at the different Treasuries *seventy-four thousand, seven hundred and sixty-one dollars and seventy-seven cents*, leaving a balance at the end of the year of *seven thousand and fifty-six dollars and seventy-four cents.* There have been drafts drawn against this amount up to May 1st, 1851, but not presented for payment, at that date, which, with one thousand dollars borrowed by Western Executive Committees, at Louisville, to meet pressing liabilities to missionaries, will very considerably reduce the balance reported above.

In addition to the funds reported, clothing, to the value of *several thousand* dollars, has been received and distributed to the missionaries, according as their wants have been known. To the benevolent *Females* of our churches, we are indebted for these charities, and in the name of these missionaries and their families, as well as the Assembly, would we return to them our sincere thanks.

The Board could report itself entirely free of incumbrances, had it not sustained some losses during the year, which are noticed at length in the report.

### CHURCH EXTENSION.

This important branch of the work of our Church has been wisely connected with the Board of Missions. From the time of its organization, in May 1844, to May 1851—*seven years*—there has been received for this important work, $43,724 65, of which sum

$33,724 65 was contributed by *individual donors*, and $9,675 10 by the churches. The average contribution to this fund *annually* has been $6,199 96. The whole number of churches aided by the Board, and brought to completion during this time, is 297, or 42 annually—a large result from the limited means, and demonstrates both the wisdom, necessity, and success of this scheme.

The whole amount of funds received from May 1st, 1850, to May 1st, 1851, has been

| | |
|---|---|
| From individual donors, | 3,290 50 |
| Collections in churches, | 3,201 67 |
| Total, | $6,492 17 |

The whole of this has been paid out, with the exception of $29 65—leaving a balance in the Treasury of this sum.

Up to November, appropriations were made to aid in building and finishing *thirty* churches; and *thirty-nine* have received their appropriations from the Committee.

The fact that the appropriations exceeded by *several thousand dollars* the funds in the treasury—and all this liable to be called for at any moment—induced the Committee, with the approval of the Board, to cease to grant any *new* appropriations until the state of the treasury should warrant their going on. A large number of applications have since been received, and placed on the file in the office. These will receive attention in their order, whenever the treasury will justify the Committee in making further appropriations.

### AGENCIES.

The number of *agents* during the year has been less than the wants of the missionary work demanded. No agent has been employed on the Atlantic slope. All that has been accomplished in this department in this field has been done by the Corresponding and Assistant Secretaries from the office in Philadelphia. The Rev. Joseph Smith, D. D., and the Rev. Charles Sturdevant have been employed during the year; the former in connection with the Central Agency—embracing the Synods of Ohio, Wheeling, and Pittsburgh; and the latter in connection with the western Executive Committee at Louisville, and both with encouraging success. The Rev. C. Leavenworth was engaged as a special agent for a few months in the Synods of Indiana and Cincinnati, and laboured with success.

The Board would also notice the lamented death of one of their members, the Rev. C. C. Cuyler, D. D., for many years the Vice-President of this Board, and always the ardent friend of Domestic Missions, and an eminent servant of God, whose praise is in all the churches.

## *Abstract of the Annual Report for* 1851.

I. The first part of the Annual Report of the Board, is in answer to the requirement of the General Assembly to report further on the changes in its plans proposed last year.

1. The Board recommend that the appropriations should have the title of *scholarships;* partly because the name keeps the object aimed at more distinctly before the Church, and partly because this change would relieve to some extent the feelings of candidates.

2. It is proposed to abandon "*the pledge,*" so far as it may have been supposed to partake of the nature of a vow, and not to require any written declaration from the candidate.

3. The enlargement of the *basis of the operations* of the Board is considered desirable, but is not pressed.

4. The collection of funds is the subject of a few remarks.

II. The second part of the Annual Report details THE OPERATIONS OF THE YEAR.

### CANDIDATES FOR THE MINISTRY.

| | | |
|---|---|---|
| The number of candidates received during the year has been—New, 86; restored, 2; in all | | 88 |
| Making in all from the beginning | | 1962 |
| The whole number on the roll during the year has been | | 388 |
| Of this number there were | | |
| In their Theological course | 164 | |
| " Collegiate do | 133 | |
| " Academical do | 73 | |
| Stage of study unknown | 4 | |
| Teaching and otherwise absent | 14 | |
| | | 388 |

During the year *forty-nine* candidates are known to have finished their course of study. The increase in the aggregate number over the number of last year is only *four.*

### PRIMARY SCHOOLS.

The number of Primary Schools is 101. The confidence of the Board is strengthened as to the practicability of the scheme in a large number of localities. 1. The principles on which the scheme is founded are sacred to religion and human progress. 2. Its success has been good, where fairly tried. 3. Several influential churches are now considering the question of establishing schools. 4. The beneficial influence of parochial schools upon those of the State is an argument for extending their number. 5. The want of funds is the most serious obstacle in many places; and this want will be supplied by Christian principle and the developments of Providence. A legacy of $5000 has been left during the year to establish a school in Kentucky. Such benefactions will gradually flow in upon the Church.

### PRESBYTERIAL ACADEMIES.

The number of Academies is now *thirty-five.* Several have been blessed with revivals of religion during the year. Academies are an important class of institutions. 1. Being the dividing line between the school and the college, they tend to diminish the inaccessibility of a collegiate education and thus to remove popular prejudices. 2. Such institutions manifestly exert an elevating influence on our Church. 3. They have a direct bearing upon the increase of the ministry. 4. They assist in training many of our youth to be teachers, and to be useful in other ways both in Church and State.

### COLLEGES.

The following colleges, arranged according to priority of incorporation, are strictly under the ecclesiastical superintendence of the Presbyterian Church. Washington, Tennessee; Centre, Kentucky; Hanover, Indiana; Oakland, Mississippi; Lafayette, Pennsylvania; Oglethorpe, Georgia; Davidson, North Carolina; McDonough, Illinois; Des Moines,

Iowa; Carroll, Wisconsin; Austin, Texas. Of these eleven colleges, seven received aid from the Board of Education in the course of the year.

THEOLOGICAL SEMINARIES.

The Seminary at New Albany received an appropriation in aid of Professors' salaries, which closes the connexion of the Board with this class of institutions.

PUBLICATIONS.

Besides the Home and Foreign Record, which is edited in part by the Board of Education, the Board have commenced publishing a series of *Permanent Documents*. The one, issued in 1851, is entitled "An address to Christian teachers on the importance and means of an increase in the number of Gospel ministers," by James W. Alexander, D. D.

AGENTS.

In addition to the Rev. Dr. Chester, the Associate Secretary and General Agent, the Board have secured the services of the Rev. Dr. James Wood for the South-West and West beyond Ohio, and the services of the Rev. William Speer for Western Pennsylvania and Ohio.

STATE OF THE TREASURY.

| | *Ministerial Fund.* | *General Education Fund.* |
|---|---|---|
| Balance May 1st, 1850, | $4,779 66 | $190 24 |
| Receipts, | 31,700 59 | 5,896 00 |
| Available Funds, | 36,480 25 | 6,086 24 |
| Payments, | 31,892 76 | 6,068 27 |

III. In the third part of the Annual Report of the Board, remarks are made in reference to HOME, THE SCHOOL, AND THE CHURCH.

1. HOME instruction is indispensable. Its advantages consist (1) In beginning *early*. (2) In illustrating by *example*. (3) In the facilities for *training*. (4) In the power of parental *authority*. (5) In the influences of *domestic seclusion*.

2. The SCHOOL should embrace religion as a part of its aims, because (1) Christianity should infuse its life-giving spirit and truth into *every instrumentality affecting the welfare of society*. (2) Because religious instruction is implied in the *true nature and objects of education*. (3) Education is a *process* demanding the *constant* direction of a true law. (4) The school under proper influences is readily *available* for religious instruction. (5) Religious instruction at school *adds to the value* of the instruction of the most favoured home, and *helps to supply the deficiencies, or the utter neglect*, of homes less friendly in their religious influences.

3. THE CHURCH derives its power as an agency of human instruction and salvation from (1) Its being the pillar and ground of *truth*. (2) Its *Sabbath day convocations*. (3) The special promise of the *Holy Spirit*. (4) The *pastors* and *teachers*, whom God has ordained for the perfecting of the saints. Hence the importance of keeping in view the increase of the ministry throughout the whole course of education.

In conclusion, the Board state their thorough conviction that the prosperity of the Presbyterian Church is dependent, under God, upon the pious training of its Christian homes, upon the condition of its public institutions of education, and upon the character of those who officiate in the sanctuary. With high aims and faithful endeavours to glorify God at *home*, in *the school*, and in *the church*. "Salvation" will be written upon our walls, and "Praise" upon our gates.

FINANCES.—The receipts from all sources, as stated in the Treasurer's Report, has been - - - - - - - - - - - $139,084 33
To which add the balance of last year, - - - - - - $1,137 39

$140,221 72
Leaving a balance in favour of the Treasury of - - - - $36 16

A large amount of clothing has been received for the Indian Missions, and donations of Bibles, tracts, and books from the American Bible and Tract Societies, and the Presbyterian Board of Publication. Of the moneys acknowledged in the Treasurer's Report, $5,832 20 were received from European friends in India.

PUBLICATIONS.—Besides occupying a part of the pages of the *Home and Foreign Record*, the Board has continued to publish the *Foreign Missionary*, the circulation of which has reached 21,000 copies monthly. Of the Thirteenth Annual Report 3850 copies were issued, and a considerable number of letters to Sabbath Schools, and other missionary papers.

AGENTS.—The Rev. Henry R. Wilson, in the Synods of Pittsburgh, Wheeling, and Ohio; the Rev. W. S. Rogers, in the West and Southwest; and the Rev. R. L. Breck for ten months in the same field; the Rev. J. F. Lanneau for eight months in the Synods of South Carolina, Georgia, and Alabama; the Rev. Messrs. John C. Rankin and John E. Freeman visited a number of churches in the Synods of New Jersey and New York. In the autumn, Charles D. Drake, Esq., resigned the office of Treasurer, and William Rankin, Jr., was appointed in his place.

MISSIONARIES SENT OUT.—Twenty-five persons were sent out as *misssonaries* and *assistant missionaries* during the year, six of whom are ordained ministers of the gospel.

INDIAN MISSIONS: among the *Choctaws, Chickasaws, Creeks, Seminoles, Iowas and Sacs, Otoes and Omahas, Chippewas and Ottawas.*—The Rev. Messrs. A. Reid, H. Balentine, R. M. Loughridge, J. R. Ramsey, W. H. Templeton, W. Hamilton, S. M. Irvin, E. McKinney, and P. Dougherty; Messrs. J. G. Turner. J. S. Betz, J. B. Allen, W. J. Robertson, J. Junkin, M. D., J. B. Junkin, J. Lilley, J. D. Bemo, D. A. Read, H. Martin, J. K. Whiteside, and D. Rodd, assistant missionaries; and twenty-three females, teachers, and the wives of missionaries and assistant missionaries. The Choctaw mission suffered severe bereavement in the death of the Rev. A. J. Graham, and Mrs. Morrison, formerly Miss Dutcher, both of whom were most faithful and efficient missionaries. The Rev. C. R. Gregory has left the same mission, chiefly on account of health; and Mr. J. Dwight,

to become the editor of a newspaper printed in the Choctaw nation. Three hundred and ninety children are reported in the schools, three hundred and eighteen of whom are supported in the mission families as boarders, the Indians contributing a part of the expense from their annuity funds. Sixty-five communicants are reported among the Creeks and Chippewas. The general condition of these missions is satisfactory, and their prospects are full of promise.

African Missions: in *Liberia* among the *Kroo people* and on *Corisco Island*, near the equator—the Rev. Messrs. H. W. Ellis, J. M. Priest, G. W. Simpson, and J. L. Mackey; Mrs. Simpson; Messrs. B. V. R. James, H. W. Erskine, and W. McDonough, teachers. The Rev. J. M. Connelly and wife have returned to this country on account of Mrs. Connelly's health. Mrs. Mackey has been called to her rest. One hundred and three scholars are reported in the schools, and ninety-seven communicants in three churches in Liberia. The prospects of the new mission on Corisco Island are very unfavourable, and a loud call is made for more labourers. A missionary and his wife are about to sail for Monrovia. He will take charge of the Alexander High School at that place.

Missions in North India: Lodiana, Furrukhabad, and Allahabad—with ten stations; the Rev. Messrs. J. Porter, L. Janvier, A. Rudolph, J. R. Campbell, J. Caldwell, J. S. Woodside, J. M. Jamieson, J. H. Morrison, Golok Nath, J. Newton, J. H. Orbison, W. H. McAuley, J. J. Walsh, A. H. Seely, J. F. Ullman, Gopeenath Nundy, J. Wilson, D. E. Campbell, R. S. Fullerton, J. Warren, J. Owen, J. E. Freeman, R. M. Munnis, L. G. Hay, H. W. Shaw; nineteen females, the wives of missionaries; one native licentiate preacher, and twenty-two native converts employed as Scripture readers, catechists, and assistant teachers. The Rev. Messrs. J. C. Rankin and A. A. Hodge have been released from their connexion with the Board. Messrs. J. E. Freeman, and J. F. Ullman, after a visit to their native country, are about to return to their stations. Messrs. Orbison, D. E. Campbell, Fullerton, Hay, and Shaw, joined the mission during the last year. There are printing presses at Allahabad and Lodiana, from which 5,942,760 pages of the Scriptures and other works were issued. In the schools sixteen hundred and seventy children are reported, of whom one hundred and eighteen are wholly supported by the missions. Returns from three of the churches enumerate one hundred and fifty-six communicants; from the churches at five of the stations no report has been received. A new and handsome church has been completed at Saharunpur, chiefly by the aid of donations received in India. The missionaries conduct numerous regular services at their stations, and make journeys to preach the gospel in other places. They speak of a general falling off in the spirit of opposition to their message, which was formerly manifested by the Hindus, and a willingness on the part of many to acknowledge the approaching triumph of the Christian religion.

Mission in Siam: at the station at *Bangkok*, the Rev. Messrs. S. Mattoon, and S. Bush; S. R. House, M. D., licentiate preacher; two females, wives of the missionaries; one native assistant. Preaching has been constantly maintained, and the distribution of the Scriptures and religious books in Bangkok, and on extended journeys into the interior. Over 500,000 pages were printed for the mission, and upwards of fourteen hundred patients were prescribed for. The work of the mission is important and full of promise; but the missionaries were not able to obtain dwelling houses, owing to the illiberal course of the present king, so that their remaining in Siam was a matter of uncertainty. This subject is fully stated in the Report. It is one which calls for the special prayers of Christians.

Missions in China.—Three missions, having stations at *Canton*, *Ningpo*, and *Shanghai;* the Rev. Messrs. A. P. Happer, M. D., J. B. French, R. Q. Way, A. W. Loomis, M. S. Culbertson, J. W. Quarterman, H. V. Rankin, S. N. Martin, J. K. Wight, D. B. McCartee, M. D., Mr. M. S. Coulter superintendent of the press; one native assistant; nine females, the wives of missionaries. The health of the Rev. W. Speer not permitting his return, he has been released from the service of the Board. Six native communicants are reported at Ningpo; one hundred and twenty-four children are under daily instruction, most of whom are in boarding schools—many of them supported by the children of our churches; 3,000,000 pages were printed at the Ningpo press; over twenty-two hundred patients were prescribed for. Several services for preaching are held at the different stations. A large and respectable church is nearly completed at Ningpo, and a chapel to hold two hundred hearers. The new mission at Shanghai is one of great present and prospective importance. The missionaries speak of the removal of some of the former difficulties, and plead earnestly for a larger number of labourers.

Missions to Papal Europe.—Moneys have been remitted as in former years for the support of evangelists and colporteurs. Of the sum of $31,980 thus remitted since this plan of action was adopted, $2,050 were forwarded in the last year. Part of this money was expended in efforts for the evangelization of Italy.

Missions to the Jews.—At *New York*, *Philadelphia*, and *Baltimore*, the Rev. Messrs. M. R. Miller, and J. Neander, and Messrs. B. Steinthal and F. J. Neuhans, licentiate preachers. Constant intercourse is kept up with the children of Israel, affording opportunities of pointing their minds to the Messiah, and efforts have been made to awaken their attention to the claims of the gospel through the press; but as yet the missionaries have to take up the lamentation of the prophet, "Who hath believed our report, and to whom hath the arm of the Lord been revealed?" They have, however, been permitted to receive into the church by baptism two adult Jews, who are hopeful subjects of divine grace.

The Report concludes with stating briefly some general considerations concerning the missionary work of the Board.

During the year, the Board have added to their catalogue 19 new Books, of which they have printed 33,800 copies; 12 new 12mo Tracts, of which 56,000 copies have been printed; 5 new 18mo Tracts and Catechisms, of which 10,000 copies have been printed. They have also printed 20,000 copies of the Family Almanac for 1851, and 20,000 Psalms and Hymns, diamond 64mo. The whole number of copies of new publications issued during the year is 139,800. The new editions of Books and Tracts printed from stereotype plates, amount to 290,500 copies. Total number of Books and Tracts published during the year 430,300; being an increase of 46,800 copies over the issues of last year.

RECEIPTS.

The Report shows a large increase over the receipts of former years. The donations to the colporteur fund, from which the salaries and donations of colporteurs are paid, are larger by more than fifty per cent. than those of last year, whilst the sales exceed those of last year by $17,500. The sales for the year ending 1849, were $29,000; for the

year 1850, $42,000; and for the year just closed, $60,000. Total receipts of the year from all sources, $80,987 52.

DONATIONS.

The Board have been enabled, to some extent, to respond to numerous solicitations for donations. When the churches shall have furnished the adequate funds, much more may be accomplished in the gratuitous circulation of books and tracts. There have been granted to needy ministers 1136 volumes; feeble churches 734 volumes; Sabbath-schools 1301 volumes; Hospitals and other Humane Institutions 171 volumes; Literary and Theological Institutions 243 volumes; Ships of War and Military Stations 222 volumes; individuals for gratuitous distribution 717 volumes, in addition to 250,000 pages of tracts. Donations have also been made through the Board of Foreign Missions, of Books and tracts to the amount of $500, and by colporteurs of 5525 volumes and 528,154 pages of Tracts.

COLPORTEURS AND THEIR FIELDS.

The whole number of colporteurs employed in the course of the year has been one hundred and twenty-five. Their fields of labour have occupied twenty-four States, as follows.—Connecticut, 5; New York, 17; New Jersey, 7; Pennsylvania, 13; Maryland, 2; District of Columbia, 1; Virginia, 3; North Carolina, 9; South Carolina, 3; Georgia, 7; Florida, 2; Louisiana, 1; Texas, 4; Arkansas, 1; Mississippi, 1; Tennessee, 7; Kentucky, 5; Ohio, 22; Indiana 8; Illinois 4; Iowa, 1; Michigan, 1; Missouri 1; Wisconsin, 1.

The Synods of Virginia and Pittsburgh still conduct their own operarions under a distinct organization, but are practically auxiliary to the Board.

AGGREGATES OF COLPORTEUR LABOUR.

The following are the aggregates of the labours of the one hundred and twenty-five colporteurs:—Time spent, thirty years, four months, and sixteen days; families visited, 50,890; conversed or prayed with, 22,151; families found destitute of the Bible, 1898; Presbyterian families visited, without the Confession of Faith, 2237; volumes sold by colporteurs, 58,492; volumes granted by colporteurs, 5525; pages of tracts granted by colporteurs, 528,154.

AGENCIES.

The Rev. Joseph Mahon has been employed in the South, and the Rev. Simeon Brown in the West, and have both devoted themselves energetically to the work.

The results of the year show that the Board has never before been in so prosperous a condition. Its publications are finding favour amongst almost all who love the truth as it is in Jesus. The success with which a gracious Providence has thus far crowned our labours is far greater than our anticipations; whilst the prospects for the future are full of hope. The Board feel called upon to thank God, and take courage.

## OVERTURE IN RELATION TO THE LAYING ON OF HANDS IN ORDAINING DEACONS.

*Referred to the next Assembly.*—(See p. 35 of Minutes.)

The session of the Mt. Bethany church, under the care of the Presbytery of Memphis, would represent to the General Assembly that in the course of the past year, the said session having occasion to set apart a number of persons to the office of deacon, besides complying with all the instructions on the subject contained in our Form of Government, added the scriptural rite of laying on of hands by the parochial Presbytery.

Having sent up the sessional record, for the review of Presbytery, we find exception taken to this act; the Presbytery having declared it to be contrary to our Form of Government, chap. iii. sec. 4.

As the session is unable to perceive the correctness of this decision, we would respectfully request the General Assembly, to whom, according to our Constitution, (Form of Gov. ch. xii. sec. 5,) "belongs the power of deciding in all controversies respecting doctrine and discipline," to determine whether in the ordination of elders and deacons, it is unconstitutional or otherwise improper to use the rite of laying on of hands by the existing eldership. Respectfully

R. H. D. EWELL, *Clerk of Session.*

# REPORT OF THE FINANCE COMMITTEE.

*To the Trustees of the General Assembly of the Presbyterian Church in the United States of America:*

The Committee of Finance report that in addition to the current operations of the Treasury made with their allowance, and appearing in the Treasurer's account, they directed the Treasurer to sell one hundred and fifty shares of the Stock of the Merchants' and Mechanics' Bank of Wheeling. This was done as follows:

| | | |
|---|---|---|
| June 5th, 1850, 17 Shares for - - - - | | $1,375 95 |
| " 17th 1850, 20 " for - - - - | | 1,618 76 |
| April 18th, 1851, 113 " for - - - - | | 9,576 75 |
| | | $12,571 46 |
| Received during the current year from other sources, - - | | 3,879 36 |
| Amount in the Treasury May 1st, 1850, - - - | | 18,477 59 |
| | | $34,928 41 |
| May 27th, 1850, invested on Montgage of Real Estate in Philadelphia. | 13,000 | |
| April 21, 1851, invested on Mortgage of Real Estate in Pittsburgh. | 15,000 | |
| | | 28,000 00 |
| Leaving this amount permanent funds in the Treasury to be invested in Mortgage, | | $6,928 41 |

The Committee beg leave to state that they find it wholly impracticable to comply with the Bye-Laws of this Board which requires each fund to be invested separately. It is very difficult at the present time to secure unobjectionable Mortgages without reference to this regulation; a strict adherence to it would create delays so great as to produce a serious loss of interest.

Respectfully submitted,

STEPHEN COLWELL,
J. N. DICKSON,
ALEXANDER W. MITCHELL.

The whole number of matriculated students, who have been upon the roll during the year, is *one hundred and fifty*. Besides whom, several graduates of this and other seminaries have attended the exercises during the whole or a part of the session.

At the close of the year, the students were examined for a week in the presence of a committee of the Board. The committee reported to the Board "their gratification at the manner in which the several examinations were conducted, and the satisfactory way in which the students answered the questions, and the knowledge they appeared to possess. The general character of the students as to scholarship, appear to the committee to be highly promising."

Certificates of having finished the whole course prescribed in the Plan, were conferred by the Directors on the following *nineteen* young men; viz. John A. Annin, L. G. Barber, Myron Barrett, Henry W. Biggs, John Byers, Orlando Clarke, William C. Davis, John Edwards, Alexander Fairbairn, J. Palmer Finley, Nathaniel B. Klink, James A. M. La Tourette, Samuel S. Laws, Stuart Mitchell, P. M. Overstreet, William C. Somerville, Edward Wall, J. George Wall, and S. T. Wilson.

With regard to the state of religion in the Seminary, the Professors reported, "that the life of the students has been exemplary. They have been respectful to their teachers, and harmonious among themselves, and have continued to engage with frequency and apparent devotion, in religious exercises, and in such Christian labours as the vicinity has afforded. Several have expressed their intention of becoming missionaries; and a much larger number have the missionary work under serious consideration."

The Board have, in a special report transmitted by mail to the Moderator, in time to be received on the first day of the Sessions, informed the Assembly of the resignation of Rev. Dr. James W. Alexander, and of the action of the Board in relation to this subject, at a special meeting held in February last. To that report they refer the Assembly. The Board at their present meeting passed the following resolution:

"*Resolved*, That it be recommended to the General Assembly to make the salary of Professor Dr. J. Addison Alexander, equal to that of the other Professors; and also the new Professor, provided they elect one; that is, $1800 and a house, or $2000 without a house."

The Board have to report, that since the meeting of the last Assembly, it has pleased divine Providence to remove a valuable member, who had long occupied a prominent and useful place in the Church, the Rev. Dr. Cornelius C. Cuyler, who departed this life August 31st, 1850. The term for which Dr. Cuyler was elected would have expired at this time.

The other Directors whose term of office now expires, are

## TWENTY-SIXTH ANNUAL REPORT OF THE TRUSTEES OF THE THEOLOGICAL SEMINARY AT PRINCETON, N. J.

The Trustees of the Theological Seminary of the Presbyterian Church, located at Princeton, N. J., report to the General Assembly, that the following is the report of their Treasurer, James S. Green, Esq., as audited by their auditing committee, and approved by the Board:

The committee on the Treasurer's accounts report that they have examined the same, compared them with the vouchers, and find them correct, leaving in his hands a balance on general account of $4,852.10. This balance is made up of the balance due.

| | |
|---|---|
| 1st. Education Fund, | $1,925 27 |
| 2d. Contingent Fund, | 2,429 70 |
| 2d. Expense Fund, | 497 21 |
| | $4,852 18 |

The Treasurer has received, since settlement in May last, from students, and donations, to discharge debt of new Refectory, the sum of $4,584 55
Add balance on former settlement, 246 08
$4,830 63
And he has paid out on account of debt of new Refectory, servants' wages, and other current expenses, $4,333 42
Balance as above, $497 21

Treasurer has received during the same period on Education Fund, $4,469 25
Add former balance, 651 54
$5,120 59
And he has paid to students on the order of Professors, 3,195 32
Balance as above, $1,925 27

A part of this balance, $586.04, belongs to the Female Scholarship of Orange Presbytery, of North Carolina, and ought to be invested.

The Treasurer has received during the same period, on Contingent Fund, $10,086 59
Add former balance, 16 55
$10,103 14
And he has paid for Professors' salaries, and to refund Education account, John Keith Scholarship, $7,673 44
Balance as above, $2,429 70

A part of the above fund, $2,784.25, was received from Dr. Van Rensselaer, and form a part of the fund collected by him for the Seminary. The Treasurer has been compelled to use a part of this money to meet the salaries of the Professors, which have been paid up to the first instant. Your committee would suggest that this sum ought to be restored to the permanent fund as soon as practicable; and that the Treasurer might be directed to invest, upon bond and mortgage, the above balance for the present.

The Treasurer was directed by the Board to make the investment recommended in the above report of the committee of audit.

The Rev. Dr. Cortlandt Van Rensselaer made to the Board a final report of his agency. From this report it appears that he has received and paid to the Treasurer, for investment, through the year, including a balance of $53.75 in his hands at the commencement of the year, $2,014.25. The entire amount received by Dr. Van Rensselaer has been $51,226.13. The sum subscribed he reports to have been $72,141.38; the amount paid, $55,120.42; and the sum outstanding, $17,020.96, The whole amount of investments of the agency funds he states to be, $41,000.00, principally in bonds and mortgages, but a part in United States securities. By authority of the Convention which appointed the agent, he has paid for Professors' salaries, during his agency, to meet deficiencies, $7,559.88. Of the sum subscribed, and outstanding, the agent reported that $371.00, is covered by the notes of subscribers; of the remainder there is considered good, $11,225.00, and not good,

or that will not be collected, $5,424.96. The agent further states, that the total amount of funds for Professors' salaries, including those under the care of the Trustees of the General Assembly, is $103,831.07; and that an addition to the permanent fund for Professors' salaries of about $12,000.00, is necessary to complete the endowment of the Professorships.

Dr. Van Rensselaer in conclusion, expresses his regret that his duties as Secretary of the Board of Education, has rendered it necessary for him to relinquish his agency for the Seminary. The friends of the Seminary are under great obligations to Dr. Van Rensselaer for the very efficient services he has gratuitously rendered to the Institution.

The highest number in attendance during the year has been fifty-two.

The following ten have finished the full course of study prescribed in the Institution, and received the regular certificate awarded to such, viz. Samuel McC. Anderson, Robt. Bell, Wm. Porter Carson, Jos. Clark, Jno. R. Duncan, Gershom Goble, Jas. W. McCluskey, J. B. Stewart, John W. Walker, and Wm. Young.

At the close of the year the students were examined in presence of a Committee of the Board. This Committee have reported to the Board, their "high gratification with the performances of the young brethren in the Seminary, evincing commendable diligence in their studies, and also ability and fidelity on the part of the teachers." Especially do they make mention of their general accuracy and copiousness in quoting proof texts from the Scriptures for the doctrinal points maintained in the various branches of their course.

The Faculty have reported to the Board, and it is with pleasure that we make mention of the facts, that the students have given unusually good attention to their studies during the past year; that considerable interest in the work of Foreign Missions has existed all the session, and that two members of the senior class will probably devote themselves to this great work; and that there has been more attention to personal religion and social prayer than has been manifested for many years.

It is with sorrow that we regret the sickness and death of two students during the year, H N. Smith, of Wooster, Ohio, died at the Seminary, and John W. McElravy among his friends in Ohio. "The Lord reigneth."

The term of office of the following members of the Board expires during the sessions of the Assembly, viz.

# FORMS OF BEQUESTS.

When bequests are made to the Institutions of the Church, let the following forms be carefully observed. Legacies are often lost to the cause which the testator designs to aid, by a defect in the will. When real estate or other property is to be given, let it be particularly described.

## BOARD OF DOMESTIC MISSIONS.

To the Trustees of the Board of Missions of the General Assembly of the Presbyterian Church in the United States of America, and to their successors and assigns, I give and bequeath the sum of , or I devise a certain messuage, and tract of land, &c., to be held by the said Trustees, and their successors for ever, to and for the uses, and under the direction of the said Board of Missions of the said General Assembly, according to the provisions of their charter.

## BOARD OF EDUCATION.

I give and devise to the Trustees of the Board of Education of the Presbyterian Church in the United States of America, the sum of , to be applied by said Board to the Education of Pious and indigent Young Men for the gospel Ministry.

## BOARD OF FOREIGN MISSIONS.

I bequeath to my executors the sum of dollars in trust to pay over the same in after my decease, to the person who, when the same shall be payable, shall act as Treasurer of the Board of Foreign Missions of the Presbyterian Church in the United States of America, to be applied to the uses and purposes of said Board, and under its direction, and the receipt of the said Treasurer shall be a full and legal acquittance of my said Executors for the same.

## BOARD OF PUBLICATION.

To the Trustees of the Presbyterian Board of Publication, and to their successors and assigns, I give and bequeath the sum of , or I devise a certain messuage, and tract of land, &c. to be held by the said Trustees, and their successors for ever, to and for the uses, and under the direction of the said Board of Publication, according to the provisions of their charter.

## THEOLOGICAL SEMINARY AT PRINCETON, N. J.

I give and bequeath to "The Trustees of the Theological Seminary of the Presbyterian Church," located at Princeton, New Jersey, the sum of ———[Here state the particular object to which the bequest is to be applied.]

In case of real estate, use the phrase "I give and devise"—[describing the real estate.]

## THE CONTINGENT FUND.

There is still a necessity for calling the particular attention of the churches and Presbyteries to this Fund. The expenses for which it provides are indispensable, not only to the vigorous working, but to the maintenance of our ecclesiastical organism. And in this certainly every church, and every member of the church, will feel an interest.

## REGULATION RESPECTING THE MINUTES.

*Adopted by the Assemblies of* 1836 *and* 1837, *and directed to be republished in the Appendix to the Minutes.*

"Each Presbytery shall forward to the Treasurer, for the *Contingent Fund* of the Assembly, at or before the meeting of the Assembly in each year, a sum equal to *fifty cents* for each member of the Presbytery, and for any licentiate or other person who shall desire the Minutes, and whose post-office address shall be given. And the Stated Clerk shall not forward the Minutes to the members of any Presbytery from which no such remittance shall be made, but only to the Stated Clerk of such Presbytery, and to such members as shall forward the sum above stated.

## TO THE STATED CLERKS OF SYNODS.

It is the duty of the Stated Clerks of the respective Synods, to send up to the Stated Clerk of the General Assembly an Annual Report, stating, in brief, the number of Presbyteries, ministers, churches, licentiates, and candidates within their bounds, and particularly all changes which may have been made in the arrangement of Presbyteries. By the Assembly of 1841, (see p. 425,) it has been made their duty also to transmit to the Stated Clerk of the Assembly, the time and place of meetings of their respective Synods.

## THE STATED CLERKS OF PRESBYTERIES

Are earnestly requested,

1. To make their Annual Reports to the Assembly, if they have no printed blanks, after the form on the opposite page of these Minutes. Blanks can always be obtained on application to the Stated Clerk.

2. To make their reports in fair, distinct writing, especially the columns of figures.

3. To make them as accurate and full as possible. If, in any instances, churches do not report to Presbyteries, it is desirable that their number of communicants should be inserted from their last report.

4 To report *no cents*. The Assembly has so ordered. If, therefore they are reported, the Stated Clerk of the Assembly is obliged to throw them out altogether, or to incorporate them with the dollars. This costs him a serious amount of labour to which he ought not to be subjected.

5. To *add up* each column of figures with care. Many still neglect this; and thus oblige the Clerk of the Assembly to do what they should do themselves.

6. To append to the Statistics of Presbyteries a brief account of changes which have occurred during the year; such as licensures, ordinations, installations, dismissions of pastors, organizations of new churches, and deaths of ministers.

7. To transmit their Reports to the Stated Clerk either at the meeting of the Assembly, or to Philadelphia not later than the first day of June.

# FORM OF PRESBYTERIAL REPORT TO THE GENERAL ASSEMBLY.

The Presbytery of report to the General Assembly, that they consist of Ministers, and have under their care Churches, Licentiates, and Candidates, viz.

## CHARTER OF THE BOARD OF MISSIONS.

*To all to whom these presents shall come.*

KNOW YE, That whereas the General Assembly of the Presbyterian Church in the United States of America have a *Board of Missions* composed of Ministers and Laymen, members of the Presbyterian Church, the design of which is to afford aid to feeble Presbyterian Churches in the support of pastors, to form new churches, and supply destitute settlements with the stated ministry and gospel ordinances; and whereas, the aforesaid Board of Missions labors under serious disadvantages as to receiving donations and bequests, and as to the management of funds entrusted to them for the purposes designated in their Constitution, and in accordance with the benevolent intentions of those from whom such bequests and donations are received,

Therefore, William Brown, William Nassau, Sen., Matthew Newkirk, Solomon Allen, Alexander Symington, Ashbel Green, Cornelius C. Cuyler, William A. McDowell, and Thomas Hoge, citizens of the United States, and of the Commonwealth of Pennsylvania, and their successors, are hereby constituted and declared to be a body politic and corporate, which shall henceforth be known by the name of the "Trustees of the Board of Missions of the General Assembly of the Presbyterian Church in the United States of America," and as such shall have perpetual succession, and be able to sue, and be

sued in all courts of record and elsewhere; and to purchase and receive, take and hold, to them and their successors for ever, lands, tenements, hereditaments, money, goods and chattels, and all kinds of estate, which may be devised, bequeathed, or given to them, and the same to sell, alien, demise, and convey; also to make a common seal, and the same to alter and renew at their pleasure; and also to make such rules, by-laws, and ordinances, as may be needful for the government of the said Corporation, and not inconsistent with the Constitution and laws of the United States and of this State: Provided always, that the clear yearly value of the real and personal estate held by the said Corporation shall not at any time exceed the sum of two thousand dollars.

The Trustees above named shall hold their offices one year from the date of their incorporation, and until their successors are duly qualified to take their places, who shall be chosen by the aforesaid Board of Missions at such times, and in such way and manner, as shall be prescribed by the said General Assembly of the Presbyterian Church in the United States of America, provided not more than one-third of the Trustees shall be removed in any one year.

The Trustees hereby incorporated, and their successors shall, subject to the direction of the said Board of Missions, have full power to manage the funds, and property committed to their care, in such manner as shall be most advantageous, not being contrary to law.

## BEQUESTS.

The General Assembly which met in 1840, authorized their Board of Missions to apply to the Supreme Court of Pennsylvania for an Act of Incorporation; this application has been made, and a charter has been obtained, and the Board have now an incorporated Board of Trustees, entitled "The Trustees of the Board of Missions of the General Assembly of the Presbyterian Church in the United States of America." To this body, all legacies or bequests for the Board of Missions should now be given.

For the direction of any who may wish to make bequests to the Board of Missions, we subjoin the following form:

*Form of a devise or bequest.*

To the Trustees of the Board of Missions of the General Assembly of the Presbyterian Church in the United States of America, and to their successors and assigns, I give and bequeath the sum of ——, or I devise a certain messuage, and tract of land, etc., to be held by the said Trustees, and their successors forever, to and for the uses, and under the direction of the said Board of Missions of the said General Assembly, according to the provisions of their charter.

☞ Persons making bequests to the Board of Missions are requested to be careful in adopting the above form.

---

## NOTICE TO APPLICANTS FOR MISSIONARY AID.

Applications to the Board for *Missionary Appointments* and *pecuniary aid*, and also for the *re-appointment* of Missionaries, should always be made by the *Elders* of the Church, *through the Presbytery or the Corresponding Executive Committee* of the Presbytery to which the Church applying for assistance belongs—accompanied with a recommendation, from said Presbytery or Committee, of the Missionary to be appointed, and a specification of the amount of aid indispensably necessary.

If there be no Corresponding Executive Committee in the Presby-

tery, the application must be fully sanctioned by two neighboring ministers, connected with the Presbytery to which the Church belongs.

☞ Applicants for Missionaries and Missionary aid, are requested to pay particular attention to the above notice, and also to the following

*Action of the Board of Missions in relation to Ante-dating Commissions, March 10th*, 1851.

In consequence of the constantly repeated applications of Presbyteries to ante-date Commissions; some for three, others for six, and some even for twelve months, and without any apparent reason other than want of attention and prompt action on the part of Presbyteries and Committees of Presbyteries on Missions, thereby embarrassing the business of the Board, and depriving the Board of an accurate knowledge of the expenses of our Missions, for which provision must be made weekly, therefore,

1. *Resolved*, That the Presbyteries and Committees of Presbyteries on Missions, be respectfully requested to have Commissions of their Missionaries renewed, before the expiration of their time of service, if practicable to do so; and *in all cases to state definitely the time when they wish the Commission to be dated.*

2. *Resolved*, That from and after the 1st day of May, 1851, the Board will *ante-date* no Commission *beyond two months from the time of the reception of the application at the Mission Rooms*, either in Philadelphia or in Louisville.

TO APPLICANTS FOR AID IN BUILDING HOUSES OF WORSHIP, OR IN THE PAYMENT OF CHURCH DEBTS.

Application to the Church Extension Committee for aid in building houses of worship or for the payment of Church debts, should always be made by the Elders of the Church, through the Presbytery to which the Church applying for aid belongs, or through a committee of the presbytery, appointed for that purpose; and such application should always be accompanied by a recommendation of the object by the presbytery or their committee, and a specification of the amount of aid indispensably necessary.

The appropriations of the Church Extension Committee are all made on the following condition, that, with the aid given by the Committee, the building shall be *entirely finished*, and *no debts left unpaid;* and when money is appropriated to aid in the payment of debts, it is always on the condition, that, with this aid, *the whole debt shall be paid.*

The appropriations of the Committee are paid, whenever the Church to be aided can certify to the Committee that the terms of the appropriation are fully met.

*Particular attention is requested to the following Resolutions of the Church Extension Committee in relation to Appropriations.*

The following preamble and resolutions in relation to appropriations, were adopted, viz:

It being impossible for the Church Extension Committee ever to know the exact state of its available funds, without subjecting the appropriations to some limited time, during which the Committee will be responsible, but no time beyond that limit: and in consequence of appropriations being made and continued to churches for a series of years from whom nothing is heard, and the funds are thereby locked up, and more recent applications cannot be responded to from churches which would immediately build if their applications were granted, and thus destroying that equality of right to this Fund, which should be open upon just conditions to all the churches:—for these considerations, and the necessity of the case, the Committee unanimously adopt the following resolutions *in relation to all future appropriations, as well as to those already made.*

1. *Resolved*, That if appropriations to churches are not called for within two years from the date of their application, the appropriations shall be considered as withdrawn, and the Committee be no longer liable for the same.

2. *Resolved*, That this rule shall apply to all appropriations which have been made to churches *within a year from this date.*

3. *Resolved*, That all appropriations of one year's standing, unless called for by the churches *within a year from this date*, shall be withdrawn, and the Committee be no longer responsible for the same.

4. *Resolved*, That all appropriations which have been made *two years and over from this date* be withdrawn; and the churches notified, that if they still desire their appropriations they will be required to make new and regular applications for the same, and give assurance that their churches will be completed within a year from the date of said application.

5. *Resolved*, That this action of the Committee be communicated to all the churches to whom appropriations have been made, and that it be published in the Home and Foreign Record, and other papers of our Church.

True extract from the Minutes of the Church Extension Committee, March 8th, 1851.

S. D. Powel, *Secretary of Ch. Ex. Com.*

Approved by the Board of Missions, March 10, 1851.

A. W. Mitchel, *Secretary of Board, pro tem.*

## BOXES OF CLOTHING FOR MISSIONARIES.

For the information of those who may wish to furnish clothing, or other articles, for the comfort of our missionaries and their families, we publish the following:

Boxes of clothing, when sent directly to the Office of the Board, without any particular designation, will be forwarded to such missionaries as are known to be the most needy; and the missionaries, to whom a box from any congregation or association is sent, will be requested to write to the donors, acknowledging the receipt.

In some instances, boxes of clothing are prepared for a particular missionary, and we are asked at the office to designate some missionary, and give particular information in regard to his circumstances, his family, &c. This information it is not always in our power to give; and not unfrequently difficulties arise from selecting particular missionaries in that way. As a general rule, then, we would say, as the result of our own experience in this matter, that if the donors have no special reasons for designating a particular missionary, the distribution of these boxes had better be left to the officers of the Board at the office. Our decided impression is, that a more equitable and judicious distribution will in this way be made, and the object of the benevolent donors be more completely gained.

## DIRECTIONS FOR FORWARDING BOXES.

We ask particular attention to the following directions:

1. In every box that is sent, put a *list of all the articles*, with an estimated *value* of each article; put on this same paper, the name of the individual, congregation, or association from whom the box comes; also the address of the person to whom a letter of acknowledgment is to be sent. Let this paper be put in the box where it will readily be seen on the box being opened. A copy of this list with a letter, should also be sent to the Office of the Board, in which letter, information should be given of the time when the box was sent and by what conveyance, and any other things connected with the donation, which it may be desirable should be known at the office.

2. The box should be fully and plainly marked, "*Mission Rooms*, 265 *Chestnut street*, *Philadelphia*," and the place from which it comes should always appear on the outside. The articles should be carefully put up, in strong and tight boxes, well nailed, and secured against rough handling, on a long voyage.

3. It is important all boxes of clothing designed more especially for the West, should be at the office as early as the first of September, that they may reach their destination before the navigation closes.

### THESE BOXES DISTRIBUTED GRATUITOUSLY.

Boxes of clothing form no part of a missionary's regular appropriation—the Board therefore, need the same amount of funds to meet their engagements, as if no boxes were forwarded. It is very important this should not be overlooked. These boxes are of great value to missionaries, and they need all that is sent to them, but we should be careful not to suffer these acts of kindness to lessen our pecuniary donations to the cause. The cause cannot admit of this without loss, and serious loss. Thus far, there has been no pecuniary loss, but rather a gain, by the interest which has been excited in the preparation of these boxes. We fondly hope it will continue to be so, and that the interest in this cause will continue to increase, until our whole land is supplied with the Gospel privileges.

### CONTENTS OF BOXES.

As to what is to be put into these boxes, we are willing to leave that matter to the judgment of our good ladies, who so well know what is wanted in a family. Scarcely any article in common use will come amiss. Knives and forks, spoons, scissors, thread, yarn, silk, needles, pins, tape, buttons, etc. etc., in addition to articles of substantial wearing apparel, will be thankfully received. Flannel, muslins, calicoes, &c., not made up, are very acceptable. Garden Seeds, Medicines, &c.

### DONATIONS OF BOOKS,

Especially of Sabbath School and Congregational Libraries; and also of Tracts for distribution among the people, are most thankfully received. Such donations are of great value to our missionaries.

FROM MAY 1850 TO MAY 1851.

THE great law given by our Lord Jesus Christ to His Church since His advent, is that of *Expansion*. This law He promulged in the hour of His ascension: Matt. xxviii. 19–20; Mark. xvi. 15–16; and it is founded on His covenant right to the whole world, and to His Elect, whom He will gather "out of every kindred and tongue, and people, and nation," and present them perfect before His Father's face in *that day*.

The Church is to go forth under the authority, spirit, power, and presence of her Divine Head, and take possession of the world for His glory and the glory of the Father. This is her high mission.

That branch of the Church which we represent, has for many years been engaged in this mission. Our Missionaries, at the present time, are in Asia, and in Africa, and among the wild Indians of North America: and they are diffused throughout the States and Territories of our own country. And we are under obligations to keep ourselves constantly informed of the destitutions and the wants of that "field, which is the world:" granted by the Lord to His people for their possession and cultivation; in order that our hearts may be affected, our zeal enlivened, our energy renewed, and our efforts enlarged for the fulfillment of duty.

The part of this "field" assigned to the Board of Missions, is *our own country*. Ours is the work of DOMESTIC MISSIONS. And few appear to have intelligent conceptions of the IMMENSITY OF THE FIELD *which we are called to occupy*.

What a vast space does our country claim of the habitable globe? Its greatest length, from the mouth of the Rio Grande on the South, to the boundary of the British Possessions on the north, runs through 23 degrees of latitude (26° to 49° N.) or 1,380 geographical miles! And its greatest width is measured from the eastern part of Maine to Cape Mendocino, the western-most limit of California, 57 degrees of longitude (67° to 124° W.) or 3,420 miles! The representative sent by the people of Oregon, from the district at the mouth of the Columbia River, must travel 2,500 miles before he reaches Washington, our seat of government. The ship that weighs her anchor at the line separating us from New Brunswick, must coast our shores 3,500 miles before she crosses the line into Mexican waters. And if she unfurls her sails on the Pacific at the boundary separating Lower from Upper California, then will she coast our shores again for 1,620 miles, before she enters British waters on the north! To go entirely around the Territory of the United States, would make a journey of between 9,000 and 10,000 miles!

In 1800, the area of the United States was between 960,000 and 1,000,000 square miles! Since 1800, 2,400,000 or 2,500,000 square miles have been added: so that in 50 years we have nearly *trebled* our original possessions. Our area now, is variously estimated, between 3,260,000 and 3,500,000 square miles: and we exceed all Europe by about 500,000 square miles: the most approved authorities giving to Europe an area of 3,000,000 square miles. But two other Nations on earth, excluding *Colonial* Possessions, embrace in one uninterrupted scope, a territory larger than our own. The one is Russia. Her area in Europe and Asia is estimated at 4,000,000 square miles. Her American Possessions at 1,500,000 or 2,000,000 more! The other is China. China proper embraces only 1,300,000 square miles: but the entire Empire runs up the amount to 6,500,000! The United States since her Mexican acquisitions, comprises at least *one-fourteenth part of the really habitable globe!* So that your Domestic Missionary Board has assigned to it, one-fourteenth part of the really habitable globe! What a country! What an immensity of territory! This is the field of our Missions. It all belongs to Christ—every foot of this land of ours—and it is all to be subdued to Him.

And what is our *present population?* By the recent census, as far as ascertained, there are 20,067,720 Free, and 3,070,734 Slaves, making a total of 23,138,454. The number of families is estimated at 6,000,000. And this population is *increasing naturally*, and *by emigration*, with a rapidity unsurpassed in the history of any nation in any age. The increase of emigration the present year over the past, is from 15,000 to 20,000. The figure for the last year, is 299,619 and for the present year, about 320,000. Think of an increase by voluntary emigration alone, of 1,000 persons a day! Our population in 1800, has increased to nearly five times its size in 1850, from 5,000,000 to over 23,000,000. This rapid increase is to be attributed, under the benignant smile of Heaven, to the universal peace and prosperity of the people; to the abundant supply of all the necessaries of life; the room which they have to expand in; to the remarkable healthfulness of the vast country; and to the diffusion of the precious Gospel; and to the prevalence of wholesome laws and institutions, which restrain vice and encourage virtue.

Our *prospective* increase, if a merciful Providence continues to bless us, is easily calculated. Advancing at our present rate, both naturally and by emigration, in 1870 we shall number 39,000,000 of people; and in 1890, only forty years from this time, we shall number 74,000,000! and in 1900 above 100,000,000! and then with a distributive population of only 31 to the square mile. The area of our country is capable of sustaining 600,000,000 of people, without being more densely inhabited than England and Ireland.

This is the great land, and this the multitude of its inhabitants, which we are called upon by God to take possession of and to convert to Him.

Our first ecclesiastical organization is traced to the early part of the year 1705. We have consequently been 145 years in this country. Portions of it we have aided in reclaiming and holding for God: but *at this day how much of it remains to be possessed?* How much of it may with propriety be considered *domestic missionary ground?*

Let us make the examination, beginning with the North and East.

While the New England States, embracing an area of 66,052 square miles, and the most densely populated of any of the divisions of our Country, are amply blest with the Gospel and able to supply their own destitutions, yet destitutions they have, and Domestic Missionary Societies they have. And we have within their limits the Presbyteries of Londonderry and Connecticut. These Presbyteries may find employment for Missionaries, while the diffusion of the doctrines and discipline of our church would in these days be a positive blessing to that land.

The Middle States cover an area of 103,660 square miles: above one-third more territory than the New England States.

New York, "*the Empire State*," presents us with missionary ground in her mountain-regions along the Hudson, and in her northern and south-western borders, yet thinly settled. Some Presbyteries have whole counties within their bounds, which they have never yet explored, and in which they have not an organized Church! and we may be pardoned for saying that there is much land in this State to be a second time re-conquered to the Lord: for portions of it have been swept over with the fires of fanaticism, and plentifully sowed with every species of false and corrupt doctrine; and the labor of reclamation is immense.

In New Jersey, all that eastern and southern portion washed by the Atlantic and Delaware Bay, and nearly one-fourth of the State, called "*the Pines*," is missionary ground. It has indeed been occupied by others before us, but they have failed alike to supply the waste places, and when supplied, to build up communities permanently, in intelligence and piety.

Pennsylvania, "*the Old Key Stone State*," offers us all her mining and mineral regions, which almost equal California in substantial productions and wealth; fast filling up with a native and a foreign population of all creeds and of every shade of character. Here are required Missionaries good and true; for these central regions, if let alone, will become a plague-spot upon the face of the State; a mass of evil influences, that will flow out to the extremities of her territory. And all in among her mountains, and along her beautiful streams, towards the North and West, new fields are opening to the researches of our Presbyteries. Luzerne and Susquehanna Presbyteries, cover nothing else than Missionary ground. Pennsylvania absorbed more missionaries than any other State in

the Union, in 1850, with but *one* exception. The State of Delaware gives employment to but one missionary connected with the Board.

Here now, in these older settled States, where it might least be looked for, in whose bosoms Presbyterianism first found a home and an organization, are large districts to be occupied. And by God's blessing they must be occupied; for they cannot be permitted to remain desolate in the heart of States from which the Church has largely drawn and now largely draws her men and means for her support and extension, and must continue so to do, in no inconsiderable degree, in all time to come.

The Western States, occupying an area of 346,700 square miles, five times that of New England, and three times that of the Middle States, have been justly regarded as missionary ground for many years past.

Strange as it may seem, even Ohio, with her dense and ever increasing population, and her great improvements and boundless resources, from her first settlement an object of intense solicitude to all denominations of Christians, even now, opens wide her doors to the operations of our Board, and in 1850, employed more Missionaries in connection with the Board, than any other State in the Union.

And here is Indiana, the fifth State in the Union in point of wealth and population: and Illinois at her side, her younger but scarcely less powerful sister; both noble and flourishing States. It is not too extravagant to assert that these entire States are Missionary fields. North-Eastern and Northern Indiana, covered by Fort Wayne and Lake Presbyteries, is all missionary ground. In the whole extent of Southern Illinois, about one-third of the State embraced in Kaskaskia Presbytery, there are but five or six ministers of our Denomination, and a number of vacant Churches and uncultivated fields. Whole counties in Sangamon Presbytery, lying between the Illinois and Mississippi rivers, one of the most fertile regions in the State, are without a minister of our faith and order, and our people are settling there. The northern part is equally, if not more destitute.

And what is the condition of Michigan? We need only reply that two Presbyteries, Michigan and Lake, divide the State between them. With the exception of a slip along the northern line of Indiana in Lake Presbytery, and the district lying along the head of Lake Erie, and northward as far as the foot of Lake Huron in Michigan Presbytery, all the rest of this great State is unknown land to us! And alas! what a mixed multitude, gathered from all parts of our country: and from all parts of the world! What numerous and contending sects—what free thinkings—what infidelity—what heresies—what erroneous doctrines—what ignorance—exist on the soil of these noble Western States! How slow, how difficult, how laborious, how trying and how uncertain the efforts of the Missionaries in many parts of this great field!

Casting our eyes still further north and west, WISCONSIN and IOWA, two mighty States, come into view. Either of these States has an area larger than all New England: and both united, an area larger than New York, Pennsylvania, New Jersey and Delaware put together!

The rapidity with which these young States are settling up, may be learned from the fact, that in Wisconsin, in 1848, the entries of land amounted to near 1,000,000 of acres: and in 1849 to near 800,000. The present population is 400,000. The Presbytery of Wisconsin now covers the whole State. Four years and a half ago, this Presbytery was formed with four members. Now that body numbers twenty-seven: at a recent meeting, it has divided the State into three Presbyteries, and the present General Assembly will be called upon to erect these Presbyteries into a Synod. There are between 30,000 and 40,000 Norwegian Emigrants in Northern Illinois and Wisconsin. Their spiritual condition calls loudly for sympathy. The American Bible Society is using most laudable efforts to prepare and circulate the Scriptures among them in their native tongue, and it will certainly be our duty to furnish them with a preached Gospel, so soon as God shall open our way to them.— Of Iowa it has been said, "a more healthful climate, fertile soil, and beautiful expanse of country, is seldom beheld. The goodness and loving-kindness of the God of the whole earth, everywhere appears." The population is 192,265, and the legislature at its late session organized more than fifty new counties.

The brethren who have acted as Itinerants, have laid open to view very many destitutions, and have called the attention of the Board in a very special manner to the spiritual condition and wants of the *German population:* And our laborious self-denying Missionaries on the ground, appalled at the rapid growth and accumulating wants of these Western States, make the most earnest and oft-repeated appeals for supplies; and our melancholy office has been to mourn over the fact, that their appeals could not be met, except to an exceedingly limited extent. And what shall we do? Emphatically now is the time when these Western States should be occupied by us, before our own people, despairing of aid, unite with other Denominations, and the land be occupied to our exclusion.

And in addition to all this missionary field, we must bring forward one hundred and fifty thousand boatmen navigating the western waters. They are almost wholly removed from the means of grace, and know no Sabbath and no house of God. Separated from their families and homes, social restraints are removed, and in the hard, rough, dangerous, and toilsome life they lead, they have little time, and less inclination, to attend to their eternal interests.

If we turn to the SOUTHERN and SOUTH-WESTERN STATES, what a broad land opens before us? Here is an area of 969,166 square miles! over fourteen and a half times larger than New England;

over nine and a half times larger than the Middle States; two and two-thirds larger than the Western States; and above two thirds larger than New England, the Middle and the Western States put together!

The STATE OF MARYLAND holds large connection with the Board. The newly formed Presbytery of the "Eastern Shore" is occupying missionary ground—ground once the cradle of Presbyterianism. Such are the changes of time, demonstrating the duty and absolute necessity of the work of Domestic Missions for the extension and preservation of our Church in our land. This was the ground once occupied by those Fathers of our Church in America, McKemir, Hampton, McNish and Davis—men of God, whose hearts were inspired with zeal, and whose lives were full of activity in efforts to build up the Redeemer's Kingdom.

And VIRGINIA—this grand old State:—over all her "Old Dominion" or "Tide-water District," in East and West Hanover Presbyteries; we are seeking to recover the waste places, now again returning to the bloom and productiveness of her virgin soil. And, as we travel up her streams beyond tide-water, and enter the rolling country, or "Piedmont District," our employment increases. Here the colored population is more numerous than in any other division of the State. But it is when we come in view of her lovely south-west mountains, and cross the Blue Ridge, and enter the great "Valley District"—from 250 to 275 miles long by 25 and 30 wide—and thence proceed westward, crossing the different parallel chains, and finally the Allegheny itself; and then exploring all the land west of the mountains, from Pennsylvania on the one hand to North Carolina and Tennessee on the other, and clear out to the Ohio River:—it is when we enter all this wide and fertile and beautiful "Trans-Allegheny District"—the most populous portion of the State—that we have almost one unbroken field for Domestic Missions. The increase of population in Western Virginia, is extraordinary. In Wood and 24 counties adjoining, the increase since 1840, has been 54,376, or nearly 50 per cent. in ten years. Montgomery Presbytery, lying in this Trans-Allegheny District, in the south-western part of the State, towards Tennessee and Kentucky, covers 18 noble counties. There are not above 1,300 communicants, and not half the counties have Churches in them, of our Denomination. In Greenbrier Presbytery, lying north, having it is said one-fifth of the State within her bounds, there are in one place five counties together, and but one minister of our order for them all! A minister who had travelled throughout the west, says upon his own observation, "There is no portion of our wide country more destitute of Gospel privileges than Western Virginia." A missionary spirit is increasing in these Presbyteries, and the Board is seconding, as far as possible, their efforts to employ laborers and erect Churches. And so soon as the present projected rail-roads

are completed, which will throw the whole of this country into direct communication with the east, the west, the north and the south, we shall behold life, energy and prosperity breathing on every hand, and then will our Church be required more than ever before, to put forth all her power for its salvation.

All the western or mountainous portions of NORTH CAROLINA and the region lying along the Virginia line, north and west, claim our attention. The population is healthful, plain, hard-working, and in need of gospel privileges, and welcome them most freely. The destitutions are many. Orange Presbytery is beginning to occupy its wastes. A system of internal improvements will speedily develope the resources of this interesting country. We have, also, in other parts of the State, in Concord and Fayetteville Presbyteries, whole counties in which we are entire strangers: and yet North Carolina has held upon her soil some of the most extensive and thorough Presbyterian settlements; and been blest with the life and labors of some of our most honored ministers.

SOUTH CAROLINA, one of the oldest and most thoroughly settled, has fewer fields dependent upon the general funds of the Church, than any other of the Southern States. To her praise be it recorded, that in true reverence and respect for the ministry, she is unsurpassed by any State in the Union. Our brethren act upon the principle of doing all they can to supply their own destitutions, and to maintain them without applying for aid out of their own bounds. It is a noble feeling; a noble Christian principle; would that it more abounded. But if we "begin at Jerusalem," we are not to tarry there. And our true-hearted Church in South Carolina should contribute more largely, as she indeed is well able to do, for the support of Home Missions in more destitute portions of our common country. An impression to this effect is visible upon the public acts of her Judicatories, and is already producing good fruit, which will more and more abound in time to come.

Presbyterianism has advanced with firm and rapid strides in the STATE OF GEORGIA. What is denominated "Cherokee," or "Upper Georgia," with its twenty counties; a new and improving district, destined to be one of the most populous and enterprising in the State, is all missionary ground. Here the young and energetic Presbytery of Cherokee has its seat. Flint River Presbytery invites us into "south-west Georgia," with some thirty counties, and lays them before us as a field white for the harvest: and the Committee on Missions of that Presbytery, state that a great and effectual door is opened to the colored population. "Middle and Eastern Georgia" also unfold their wants. We rejoice that a spirit, zealous and enterprising, breathes through the Presbyteries of this State, and they are exerting themselves to reclaim the wildernesses, which exist to a greater or less extent within their respective limits. A great work for Missions is to be done in this State. The increase

of her population has been 45 per cent. for the last ten years, and her advance in education, agriculture, commerce, arts, manufactures, and internal improvements, has kept pace with her population.

Alabama, in her Southern, Middle and Northern divisions, has fields of Missionary labor. The Presbytery of South Alabama, the past year, was in need of four Missionaries. Some twenty years ago we had in this State not more than three Presbyterian Ministers, and some five or six churches. We now have three Presbyteries, between fifty and sixty ministers, and upwards of ninety churches.

Mississippi, in her delightful Northern region, is Missionary ground, and Chickasaw Presbytery has been seeking for months, for three or four men to come in and take charge of new and destitute fields. Her increase in population has exceeded that of every other State in the Union, (if the reported returns be correct) being 61 per cent. for the last ten years. There are Missionaries in this State exclusively devoted to the religious instruction of the colored population: there are three in the vicinity of Natches, supported by the Planters themselves.

Florida is all Missionary ground. The State is gradually filling up, and our own members are moving into it, and there are points to be occupied, had we the men to send there. In all her territory there is but one small Presbytery. That Presbytery has offered $1,000 for a suitable missionary to be employed within their bounds. This is a neglected field, which the Board would gladly aid in supplying.

Tennessee absorbs the labor of a number of Missionaries, and calls loudly for more. East Tennessee, like the adjoining parts of Western Virginia and North Carolina, is but poorly supplied with the means of grace, although the different denominations of Christians have exerted themselves to some extent. There were but three or four old school Presbyterian Ministers in this part of the State in 1838. Now, there are two Presbyteries and twelve or fifteen Ministers, located in 25 or 30 counties, and much land to be possessed.

Kentucky appears among the number of the States which make the largest demand for missionary aid. She is the seventh on the list; and Presbyterians have loud calls for their enterprise and resources.

We cross the Mississippi into Missouri, and with the exception of a few chief towns and settlements, along and contiguous to the navigable rivers, the whole State is open to our Missionaries—a noble country, now receiving large accessions of immigrants from Virginia, Tennessee and Kentucky, and demanding our best efforts for its supply.

There are 23 counties in north-western Missouri (the 4th Congressional District) with a population of 160,000, and but three Ministers of our order to be found in them; and one of the finest portions of the State. An Elder writes, "It is the best Missionary field in the

United States:" and in view of the destitutions, a minister says, "We want men who can shake the earth."

And here is ARKANSAS, with its genial climate, its fertile and inexhaustible soil, and increasing population; one of the most perfect fields for missionary labor which may be found in the States. The destitutions in the south, and along the Arkansas River, below Little Rock, are fearfully great. The northern and north-western portions are better supplied; 25,000 persons have recently moved into the valley of the beautiful *White River*. A brother writes, "There is no minister of our Church within 80 miles of me." What an amount of good might a few energetic, and persevering, and self-denying Missionaries accomplish in this field.

LOUISIANA puts in her claim for Missionaries from our Board. This State needs to be more thoroughly explored, and greater efforts made to occupy vacant ground, especially in all her southern and western counties.

And what is TEXAS with her empire of territory? Who does not know that every foot of her soil must be trodden by the domestic Missionary? Just emerging into political life and power, receiving into her fruitful bosom, we have learned from good authority, an immigration of 60,000 persons the past year; she seems destined within a very short period to overshadow Mexico, and carry into her dark borders, the education and refinement and pure religion of this free and happy Republic. Look at Brownsville on the Rio Grande. The first improvements were made in July, 1848. Not three years old, there is now a population of 4,000 souls: and rapidly increasing in numbers, wealth and commercial importance, the place supports two newspapers, a Bank, a Lyceum, and an excellent female Seminary of learning. There are two organized Churches, one belonging to us, a Sabbath School, and two Ministers, and one missionary to the Mexican population. Thus we shall occupy all the important points along the Rio Grande with influential Christian towns and villages. As a denomination, we have risen rapidly, and the present Assembly is called upon to erect a Synod in Texas.

We have reached the Rio Grande, but we have not completed our view of the missionary field to be occupied by us in the southern and southwestern States. To it we must add two large classes of their population. The first is *the Inhabitants of the Pine-barrens*, and the second is, *the colored population*.

It is well known that the geological deposite of sand on the Atlantic slope, commencing on Long Island, passes down through New Jersey, forming what are called "the Pines:" and crossing the Delaware and Chesapeake, takes in the Eastern shore of Maryland, and so keeps its course down the continent, varying from 50 to 90 miles and over in width. Along the sea-coast, it is diversified with swamps and hammock lands and marshes, formed by Rivers, and creeks and bays: and it is bounded above and far in the interior by

the oak and hickory lands of the rolling and hilly country. This immense deposite having run through New Jersey, Delaware, Maryland, Virginia, North and South Carolina and Georgia, gradually wastes away in Florida, Alabama and Mississippi. Now this great tract of country is a Pine-barren: it is overgrown with the Pine, and produces the finest of timber, and in the greatest abundance. There are extensive and fertile tracts along the margin of rivers and streams that afford valuable farms and plantations, but the soil is generally light and unproductive, except when carefully manured. This belt throwing out some twenty miles inland from the sea, is thinly inhabited by a peculiar, and in the main a poor and uneducated people, and a people, too, somewhat migratory in their habits. Their religious teachers lack cultivation: their religious privileges are very limited: and with much truth it may be denominated an intellectual and moral waste! Yet they are a people of good endowments, and are as capable of high moral and intellectual improvement as any other class of our population, and have furnished distinguished men in all professions and pursuits in life. Can we overlook this multitude of immortal beings, reaching, like a dispersed army between the sea-coast and the upper country, the whole length of the Southern States? We have as a denomination accomplished nothing for them.

The second class—*the colored population*—amounts to 3,070,734. This is a field white for the harvest, from the Cheasapeake to the Rio Grande, and from the Atlantic to the Ohio river. All denominations of Christians have access to it: and the number of professors of religion has been variously estimated at one-fifth, one-sixth or one-eighth, from 300,000 to 500,000. Admitting that many are *professors* and nothing more, yet how encouraging a number will be left to testify to the goodness and mercy of God? As a Denomination, from the days of Davis, we have felt an interest in and have labored from time to time for the good of this people. We are doing so now. Our settled Pastors, and stated supplies impart to them the Gospel not only in connection with the whites in the general congregation on the Sabbath day: but many preach to them *apart*, one-half, or on some portion of that holy day: others find opportunity of preaching to them during the week on the Plantations. We have also some Sabbath Schools and some schools in the families to which they are attached, for the religious training of children and youth, and such adults as choose to attend. Our Missionaries have been occupying this field as fast and as far as lay in their power, wisely and judiciously: and with the approbation, and cordial approbation of the Churches and communities in which their lot has been cast. But we have not sufficiently felt our responsibilities, nor come up to the measure of our duties. From our own extensive observation and long personal ministry to this people, we know that there is an immense amount of self-denying and laborious missionary work to be performed among them. Let our prayers and our efforts

bear ample testimony to the sincerity of our feelings and to the fervor of our zeal: and as God has opened a door of access, and has heretofore blessed the work of our hands on their behalf, may we not grow weary, but become more energetic and more abundant in that work, in all time to come.

Such is the actual Domestic Missionary ground within the States of the Union, now enumerated. But we have indeed taken in not above *one-half* the land to be possessed. We are lost in the extent of it now opening before us, as we take our journey of exploration still farther west, in one broad sweep, clear out to the Pacific Ocean.

Begin in the north. Look at the TERRITORY OF MINNESOTA; with an area of 120,000 square miles; having a geographical position near the centre of the North American Continent; a vast hydrographical basin, if we may so call it; with magnificent rivers radiating in every direction from its centre, north, east and south; and affording as much navigable water within and around it as any State or Territory: for here are the head waters of the Mississippi; Minnesota, or St. Peters; Red River of the north and St. Croix Rivers; and having water communication, by the Mississippi, with the Gulf of Mexico; and by the Lakes, with the Atlantic Ocean. Here is a noble climate; a fertile soil, adapted to grazing and to the production of various grains and fruits, with every thing to attract the emigrant, and destined to be one of the garden States of the Union. Since the establishment of a Territorial Government, the tide of population is fast flowing into it, and bearing upon its bosom many of our own people. We have not one Minister, nor one Missionary in all this Territory!

NEBRASKA, or *Missouri Territory*, comes next—the twin sister of Minnesota, and hereafter to be another central kingdom of wealth and power. It is scarcely inhabited except by wild Indians, and has an area of 260,000 square miles.

We enter OREGON over the Rocky Mountains; we stand upon their summits; before us are her interminable forests of enormous growth; her great rivers and wide-spread vallies, rapidly filling up with a hardy race of emigrants: and a coast of some 800 miles looking out upon the Pacific sea! The emigration was last year greater than ever before, amounting to between 4000 and 6000. The population will shortly be sufficient to form a State. What have we done for Oregon? We have sent out two missionaries, and a third settled in the Territory is connected with our Board. We could do no more for the want of men and means. The area of Oregon is 341,463 square miles.

Turn down the continent; and CALIFORNIA, the Ophir of these modern times, the wonder of the age, comes into view; with a sea coast of 800 miles, and an average breadth of 250, and an area of 188,981 square miles. A State created in a day, setting the world

astir; 80,000 pilgrims passing to and from her golden shrines in a year! Her population steadily and surely advancing by immigration in great caravans across the continent; and by ship-loads from the seas! yea, doubling itself every twelve months! Her cities and towns and country settlements are springing up like magic. Her religious wants have long since outstripped the supply: and from her peculiar position, her agricultural resources, and inexhaustible mineral wealth, California must become the great State of the Pacific slope, and is destined to maintain commercial relations with the world. How important that this State be brought under the power of true Religion, and made a fountain of happy influences to all mankind? We have one Presbytery on her soil, and although her population has doubled in the last year, our small number of ministers has remained stationary!

Leaving California on our return, we enter the TERRITORY OF UTAH; with an area of 187,923 square miles, and a small but increasing population of whites, with large tribes of Indians.

In this Territory the unlearned, yet shrewd, disciplined, fanatical and demoralized Mormons, are concentrating their settlements. The great valley of the Salt Lake is the home of their choice, and if they hold together, must exert a mighty influence upon the future religious character of this Territory. They are receiving accessions from the old countries in no inconsiderable numbers. Two ships recently sailed from Liverpool with 746 emigrants for the Salt Lake, to land at New Orleans, and then encounter all the perils of a journey through the wilderness to their promised land. We have not a missionary in this Territory, and it is not one moment too soon to send one there.

Next comes the Territory of NEW MEXICO, and with this Territory we close our journey of exploration. The present population, of course mixed in character, is 61,504. The establishment of a Territorial government has given the inhabitants a security in person and property never known by them before; and consequently they are assuming the state of a fixed population, and are demanding schools and churches, and making arrangements for all the improvements needed in that new country. Especially the presence of our civil and military officers with their families, will tend to give tone to society and diffuse a wholesome influence: nor will they be backward in sustaining the institutions of the Gospel of Christ Jesus our Lord. There are not at present more than three Protestant ministers in the Territory: one Baptist—the Rev. Mr. Read, the first who entered it two or three years ago: one Methodist; and one Presbyterian, but not in connection with our body. There is a Mexican population generally ignorant of letters, and professing the Popish religion, but accessible to Protestant influence. But one of the most interesting fields of labor, which may with some propriety be entered

by our missionaries, is furnished by the *Pueblo Indians*. Dr. Thos. E. Massie now of Sante Fee, informs us, in his intelligent and most interesting letter on these Indians, that "they inhabit some 25 or 30 towns, situated in various parts of the Territory—of various sizes —their average population at a random conjecture, about 600 or 800—some of the towns have adopted the Catholic religion, and have in a few instances a priest living among them. As a people they are truthful, peaceable and industrious: the most industrious in the country, and the best farmers—amiable, just and moral; the remnants of the original highly improved and civilized race of Indians who inhabited the continent before its discovery. They have a cherished tradition, ever since their subjugation by the Spaniards, that *deliverers* were to come to them *from the East*. They generally believe this prophecy is now fulfilled in the conquest of the country by the Americans." And he adds—in view of the entire character of these Indians and their openness to influences from us, "that at no past period has so favorable and interesting a field presented itself to the philanthropic American, to test the efficacy of enlightened agencies in the speedy elevation of numerous communities to the privileges and blessings of civilization."

The Board is desirous of sending an able and efficient pioneer missionary into New Mexico, but we have not yet been able to find the man. Our branch of the Church of Christ has no minister on that soil!

We have gone over our country, and viewed the immense Domestic Missionary work to be done in it. But to impress the magnitude and necessity of the work still more, observe *the tendency* and *character* of our population.

Its *tendency* is downward and *across* the continent, from all the older settled parts of our Union, thus forcing itself forward into destitute regions, and *obliging* the Church to *carry forward*, and to *maintain* and to *increase* her domestic missions.

There is a stream flowing down into *the south*, and the *south-west*. The States which have increased equally with, if not above all others, according to the late Census, are in the South. Georgia has increased 45 per cent., and Mississippi has reached the extraordinary figure of 61 per cent. Above 60,000 persons have moved into Texas, and the stream continues. The improvements going on in all the South, of every kind, added to a productive soil and a genial climate and a generous people, are drawing in population; and the diversifying of the pursuits of the people, is increasing wonderfully the power and resources of that vast country.

The stream of population then flows *West* also, and across the continent. The old Western States are no longer "*the West:*" and they, in conjunction with States North, East and South, are sending multitudes to people the far interior, and to cross the Rocky Moun-

tains, and found their homes where they can feel the soft airs, and see the sun go down in the waves of the Pacific Ocean. The advance of population and settlement, annually, towards the West—all along our frontiers—is from fifteen to twenty miles. The great army of stalwart men is hewing down the forests and seems intent upon clearing up and settling the whole continent.

And what is *the character of our population?* For education, intelligence, religion, enterprise, energy and perseverance, and morality, it will compare with the most favored now on earth, and never perhaps had its superior in the history of our race! Yet as a population it has no small portion of ignorance, religious error, and downright skepticism and infidelity; and these dreadful evils we have reason to believe are increasing! We have a people furnishing in character, material, by the blessing of God, for greatness and glory; yet if neglected, they shall speedily degenerate and become sources of misery and ruin to themselves, and of distress to the nations.

Thus have we brought into view the immensity of the field which we are called to occupy. This vast country is ours, in connection with other branches of the Church, to occupy and to subdue to Christ our living and glorious Head on high! See these *Northern*—these *Middle*—these *Southern*—these *Western* States: a sisterhood—an ordered union of magnificent empires! And lo! their increasing millions! And what of those *Central and Pacific States and Territories?* Future Empires! They will graduate downward on the continent. The small nation at the foot will be absorbed. And when they reach the Isthmus, their potent influence will pervade the West India Sea, and roll over the southern continent below.

Commerce shall spread her sails from these western ports: and the ships shall bear with them our intelligence, our civilization, our liberty and religion in full measure to the Islands of the Ocean and to the Kingdoms of the Eastern world. Thus the Sun of Righteousness—the true Light—still passing from the East, rolls its glad beams around the world! Glorious land of the West. The country given us for a possession. Amazing field for the largest charities, and best efforts of the Church of God! Even now—and still more, prospectively—the brightest and most influential portion of the Earth, to be won to the sceptre of the Redeemer of mankind.

We are not sufficient of ourselves, as a denomination, for this mighty enterprise. But we have a responsible part to act; and it becomes us to know and understand in all their amplitude, THE MEANS AND POWER *granted us by our* LORD, *and which we may lay under contribution for our just proportion of the work.*

*Need we Agents?* There are our *Ministers: effectually called* as we humbly trust; *officially* called of God to go and gather in the harvest. Of these "workmen" and "good soldiers," we have *one*

*thousand nine hundred and twenty-six*; and *one-third* of them are connected with the Domestic Missionary operations of our Church. And upon these workmen and soldiers we may depend; for in education, in sound doctrinal knowledge, in genuine piety, in zeal in the service of God, and in a conscientious discharge of duty, they fall behind no order of Christian ministers in these United States. Power is lodged in them, and by Divine aid, they are able to exert an influence for good in a degree, that would baffle calculation. We know not our ministerial power!

Need we *Agents?* There is our noble army of *Elders:* full six thousand in number, sound in the faith, ruling in the Church of God, and taking pleasure in her advancement and glory.

Need we *Agents?* There are our *two hundred and thirty thousand Members:* trained up to love and to maintain and to promote the faith and order of the Gospel as we hold it; of whom at least 70,000 are upon real missionary ground.

Need we *Agents?* There are our *Congregations:* amounting in the aggregate to *six hundred and ninety thousand persons;* great numbers of them baptized in infancy, and educated in our doctrines and discipline, true to their convictions and the Church of their fathers, and willing and ready to uphold her cause.

Our denomination consequently numbers in officers, members and congregations, over *nine hundred and twenty-seven thousand persons*, or as some estimate it, *one million.* There is power lodged in this vast multitude. What may it not accomplish, brought under the power of the spirit of missions, which is the Spirit of Christ, for the regeneration of, not our country only, but of the world?

Need we *Pecuniary Resources* for the support of our Domestic Missionaries, and for the erection of Houses of Worship? If there be first "a willing mind," our resources are more than sufficient for all our wants. The Lord hath dealt bountifully with us as a people, and enriched us generally with the good things of life. The Lord supporteth His commands by the provision of His providence. If He commandeth us to send out laborers into His harvest, he giveth their hire into our hands that we may support them there. If it be kept back by us, it is at our peril.

Need we an *Ecclesiastical organization*, that we may employ our means and our power in the most advantageous, economical, and speedy and effective manner? We have that organization—perfect—complete.

The principle lying at the foundation of our ecclesiastical organization, is *the unity of the Church.* "Holding THE HEAD—from whom the whole Body fitly joined together and compacted by that which every joint supplieth, according to the effectual working in the measure of every part, maketh increase of the body, unto the edifying of itself in love." *Eph.* iv., 15, 16. We have our Confession of Faith, our Form of Government, our Officers and Members,

our Courts of Review and Control in an ascending and descending scale of influence. That influence may go up and pervade all the officers of the Church, and by them be spread over all the members: or that influence, emanating from the highest Judicatory, may flow down, step by step, until it reaches every individual, however obscure, throughout our bounds. Let now some great object be set before the Church for her attainment, and she is able, in a brief space of time, to bring all the minds, and all the hearts, and all the hands in her communion to lay hold upon it. Our unity is our glory and our strength. And carrying out the principle, our Church has set the great objects of her benevolence and duty prominently forward, and is turning all her resources towards their accomplishment. She has established her *Central Committees, or Boards*, created by her General Assembly, our common bond of union, and entirely subject to its control, as they ever should be; and she has entrusted to each Central Committee a separate department of labor, yet all forming one harmonious, perfect system of effort; each and all working in, through and by our Presbyteries; and designed to build up the Church in her doctrines and duties, her officers and members, and to give her expansion, a name and a place in all the Earth. And upon these Boards of the Church it has pleased Almighty God to smile. Through their instrumentality He has poured out rich blessings upon our Zion. The prayers and the alms of His people have come up in remembrance before Him, and He hath heard and honored them.

God hath indeed endowed us with means. He hath clothed us with power for our great missionary work: our position for usefulness is an exalted one; and to that Church to whom much is given, of the same shall much be required.

We come now, in the end, to the all important, the all absorbing inquiry, WHAT HAVE WE DONE AND WHAT ARE WE NOW DOING, *to occupy the vast field of Domestic Missions—to fill up the measure of our obligations and duties?*

From the earliest existence of our Church—as the Presbytery of Philadelphia, and then as the Synods of Philadelphia and New York—from 1706 to 1788, many efforts were made and collections taken up, to promote Domestic Missions. After the Constitution of the General Assembly in 1788, the work of Missions was conducted by the Assembly itself until 1802, when from the accumulation of business, the Assembly not being able to give it that attention its importance demanded, the work was placed in the hands of a "*Standing Committee on Missions;*" which committee continued to act until 1816, when the present Board of Missions was constituted and with enlarged powers. In 1828 this Board was re-organized by the Assembly; and the power given to the Board of appointing an Executive Committee, was an important feature, and infused new life and energy into its operations.

Up to the year 1827, neither the old Committee nor the Board, had ever acted upon "the plan of assisting to make up the support of Ministers statedly laboring in a particular congregation or congregations:" but upon the plan of employing the whole time of Missionaries in exploring new fields, supplying destitute places, and organizing new Churches; or Ministers, to labor in this same manner as Missionaries for a longer or shorter period during the year, whose Churches were unable to give them a full support, and were willing to allow them to perform such service for the Committee or Board. But from and after the years 1827 and 1828, the Board has combined the open missionary work, *and* the aiding of feeble Churches in supporting their Pastors, or stated supplies. Immediately upon the re-organization of the Board, there was a perceptible increase in the missionary spirit of the Church itself; and within the first two or three years, the income, missionaries, and operations of the Board were *doubled.*

Let us review the operations of the Board from the year 1830, when it was fairly in action under its re-organization, to the year 1850 inclusive—a period of 21 years.

In 1828, the year of the re-organization, there were but 31 missionaries, and an income of $2,400 only! The year after, 1829, there were 101 missionaries, and an income of $8,000, and in 1830, there were 198 missionaries, an income of $12,632, the number of new Churches organized 15, and the number of additions to the Churches and stations supplied by the missionaries, on *profession of their faith*, 1,000. In 1831, 233 missionaries; $19,158 income; 25 Churches organized; 28 houses of public worship builded, and 1,500 persons added on examination. In 1832, 256 missionaries, $20,030 income, 20 Churches organized, 29 houses of worship erected, and 2,000 added on examination.

In 1833, Rev. Wm. A. McDowell became Corresponding Secretary, there were 269 missionaries, $21,810 income, 30 Churches organized, 32 houses of worship erected, and 3,000 additions on profession of faith. For seven years after he came into office, the number of missionaries fluctuated, the extremes being 243 and 274: though the funds steadily increased from $21,810 to $41,759.

In 1840, there were 256 missionaries, $40,734 income, and 50 new Churches organized, 70 houses of worship builded, and 1,650 persons added on examination. From this year onward, there is a steady increase of missionaries and funds; while the additions on examination are varied, sometimes more and sometimes less. In 1845, there were 349 missionaries, $50,522 income, and 1280 additions: and in 1850, 570 missionaries, $79,000 income from all sources, and 2,189 additions.

*The increase of the Missionaries of the Board* for 11 years, from 1830 to 1840 inclusive, was only 58, or upon an average of a fraction over 5 a year. From 1841 to 1850 inclusive, 10 years, the

increase has been 298, or upon an average of a fraction less than 30 a year. The total increase for the whole time—21 years—has been 372, or at the rate of $17^5$ a year.

*The proportion of Missionaries of the Board to the whole body of Ministers in our Church*, was from 1830 to 1847 as 1 to 4 and a fraction. In 1847, it fell below 4, and in 1849 and 1850 the proportion was 1 to $3^3$ and $3\frac{2}{5}$. Or to lay aside the fraction we say *one-third of our active ministers*, are in connection with the Board and engaged in the work of Domestic Missions! A large proportion truly.

*The proportion of Missionaries of the Board to the reported number of Members of the Church*, was in 1836 as 1 to every 909: in 1840, 1 to 494: in 1845, 1 to every 492: and in 1850, 1 to every 363. Thus the proportion of members of the Church to our Missionaries (assuming the returns of our Church members in the Minutes of the General Assembly to be correct) has been decreasing steadily for *six* years past. So that we may say that for every 363 members, we furnish and support one Missionary.

And this calculation, although not exact, from the defective nature of our returns, yet is sufficiently so to demonstrate one pleasing fact, namely, that there has been an increased liberality on the part of the Church: for, while the proportion of Church members to our missionaries has decreased, there has been an *increase in the income of the Board*. But to this we now direct our attention.

*The increase of the funds* contributed by the Churches for Domestic Missions is as follows:

The income in 1830, was $12,632: in 1835, $28,541: in 1840, $40,724: and in 1850, $79,049. So that it is over six times greater in 1850 than it was in 1830, twenty-one years ago. In 1840, 41, 43 and 50, there was a decrease from the years immediately preceding. The average increase, annually, however for twenty years, has been something like $3,350. If the funds be apportioned to the Missionaries, without subtracting the expenses of the office of the Board of Missions, the average to each missionary would be in 1830, $64: in 1840, $155: and in 1850, $157. If the funds be apportioned to our Church members, the contribution per member, in 1836, would be over 13 cents: in 1840, 32 cents: in 1845, not quite 24: and in 1850, 38 cents!!

We now give the sum total of increase for twenty-one years: from 1830 to 1850 inclusive.

The increase of *Missionaries* has been from 101 to 570: or 469.

The increase of *Funds* from $12,632, to $79,049, or about $67,000.

The number of *new Churches organized*, 943, averaging 47 a year.

The number of *Houses of Worship of all kinds erected*, 1,484, averaging 74 a year.

*The number of souls added to the Missionary Churches, upon*

*profession of their faith*, 40,537! We will not reckon in, the number added *upon certificate.*

Here is certainly an encouraging aspect of our missionary operations.

But we may take a step further in unfolding this advance.

Look at the *late expansion of our Church.* We will go no further back than 1842, the memorable year in which our Church began sensibly and powerfully to revive after the division in 1837 and 1838. In the year 1842, we had 19 Synods: and 101 Presbyteries: 1316 ministers: 1,904 Churches, and 140,433 members: in 1845, we had 21 Synods: 115 Presbyteries: 1562 Ministers: 2,229 Churches: and 171,879 members: and in 1850, 23 Synods: 127 Presbyteries: 1,926 Ministers: 2,595 Churches, and 207,254 members.

We have increased in these *nine* years 4 Synods, 26 Presbyteries, 610 Ministers, 691 Churches, and 66,821 members, and at the rate annually of nearly 3 Presbyteries, 68 ministers, 76 Churches, and 7,425 members.

Of this increase of *Churches* (relying upon the Reports of the Board of Missions for evidence)—495 were added by its missionaries: leaving but 196 to be added by the settled Ministers of the Church: and of this increase of *members*, 19,397 were added by the Missionaries, and 47,424 by settled Ministers.

And now observe the *additions of Presbyteries.* Nearly the whole have been more or less the product of the missions of the Church. The mention of their names will be sufficient to demonstrate this. Luzerne, Zanesville, Montgomery, Knoxville, Chickasaw, Fort Wayne, Lake, Michigan, Wisconsin, Rock River, Potosi, Upper Missouri, White-Water, Muncie, Cherokee, Creek-Nation, Washita, Nebraska, Brazos, California. And at the present Assembly there are two new Synods (embracing six Presbyteries, *four entirely new ones,*) asking to be constituted the Synod of Texas, and the Synod of Wisconsin. Iowa has two Presbyteries, and next spring we shall have a Synod in that State. And how long will it be, before we shall create a Synod on the shores of the Pacific?

Already are the Missionaries spread over the whole United States, east of the Mississippi, with the exception of a small portion in the north-east. They have crossed that river, and have begun vigorously to fill up that immense country from the Gulf of Mexico, to the British Possessions on the north. Nay, more. They have crossed the Continent itself. In that new world of the west, they are laying the foundations of the Kingdom of Heaven. And what, in fine, is our progress? The spires of our Churches along the Atlantic Coast are illumined by the light of the morning sun. Moving over the land, he meets and smiles upon them all the day long. And when he sinks to rest, his last calm and heavenly rays

linger upon them as they lift themselves on the shores of the Pacific Sea.

Yes—we have done something, by the help of God, and are now doing something, to occupy the vast field of Missions afforded by our country, and to fill up the measure of our obligations and duties.

The conviction must now fasten upon every mind, that *the missionary work belongeth to the Church of God*—to that portion of it which we represent in common with all the rest. The continued prosecution of it in all times past—feeble it may have been—yet hath it been THE VERY SOUL AND LIFE, PROSPERITY, EXPANSION AND HAPPINESS OF OUR CHURCH. Without it, where should we have been? Without it, long ere this we should have fallen a prey to our own selfishness and corruption; and abandoned of God, we should have been consumed one of another, and been overborne and absorbed by more fruitful branches of the true Church of Christ, and no name nor place been found for us this day. God worketh strangely yet mightily. "There is that scattereth and yet increaseth." Portions of the very first soil won to God, are now no longer the Church's garden spots, and strongholds: No! Her daughters are returning to these parent roots, that they may be cherished and made to spring into life again—to these wasted yet hallowed spots, for they are missionary ground.

The prosecution of the work *is the very soul and life of our Church now.* Abandon the work, crush it by whatever means, and we die: we must die. Who would abandon—who would crush it? Who dare impede its way? It hath the seal—the highest seal of the approbation of the living God! Forty thousand immortal souls snatched from everlasting woe, and introduced into the family of God! What a seal! And a multitude of this host are now before the throne of God in Heaven, and give Him thanks for the instrumentality of this Church, which by His grace, led them unto life eternal. It is a seal infinitely valuable above the contributions of millions of gold and silver: and above all the labors and cares and sacrifices of men, that it might be given. Let the Church fall down in humble gratitude, and adore the Lord God for the wonders of love and of mercy which He has wrought by His people.

And in addition to this glorious seal, who can estimate the good done in restraining wickedness; promoting the observance of the Sabbath; arresting the tide of intemperance; gathering in and building up firmly and lastingly, the flock of Christ scattered in the wilderness; training up tens of thousands of children and youth, in paths of virtue and holiness; uprooting and destroying error; settling society upon a solid basis of intelligence and virtue: yea, filling our land with contentment, peace and happiness; cementing the hearts of men in the love of God and of each other? The estimate of all this good is with the Omniscient God alone!

*Yet have we come far short of the measure of our obligations and duties!* When we behold, in general, the languor of our zeal; the deadness of our faith; the feebleness of our love; the inactivity of our lives; the parsimony of our contributions; the absence of self-denial; the hypocrisy of our sacrifices: when we behold our pride, covetousness, levity, worldliness and vanity: alas! we have reason to clothe ourselves, both ministers and people, in sackcloth, and with eyes cast down, to smite upon our breasts and implore the mercy of God upon us, miserable sinners.

Look at the land to be possessed! We could have done more than we have done, to occupy it. How many ministers are needed, and where are the revivals and conversions, and the prayers to the Lord of the harvest, that they may be furnished? And why have our contributions not more abounded of the fulness and plenty which God hath given us as a people?

Our branch of the Church of Christ needs a mighty awakening, and turning unto the Lord ere she shall begin to feel, in its full measure, her responsibility to this land: and ere she shall begin to put forth those mighty efforts, which are necessary to redeem it thoroughly to Christ our King.

And this feeling of responsibility, this putting forth of effort is all a *personal thing*. The Church must feel and act *personally, individually*. Every Minister, every Elder, every Member has a work to do for God in redeeming our land to Him. The awakening; the turning must begin at home, in every breast; and then shall the arm of the Lord be revealed, and all flesh in our borders shall see the salvation of our God. Then shall the Church, firmly united to her living Head; holding fast her fellowship and union; connecting her prayers and her alms: full of zeal for the honor and glory of her Redeemer; and full of love for the souls of men, find nothing impossible to her faith. God will honor her in common with other branches of His true Church. He will fill the land with his people: and cause their influence to pervade every part; and bring it finally and effectually under the dominion of the Prince of Peace.

*In conclusion*, we briefly present *the state of the work for the past year.*

*The number of Missionaries* in commission at the beginning of the year, May 1st, 1850, was 362; to which have been added to May 1st, 1851, 229: making the whole number during the year *five hundred and ninety-one*, being *twenty-one more* than the year preceding.

The Board, heretofore, has closed the year and made its Report to the Assembly on the 1st of May. The Register of Missionary appointments and the Treasury accounts are kept open to the last moment; hence the preparation of the Report is crowded into a brief space of time, and its statements are to some extent imperfect;

sometimes, from the absence of information from the different Treasuries, and at others from the delay of Missionaries, in forwarding their special Reports. To avoid this hurry, and to secure as much accuracy as possible in the preparation of the Report, the Board have determined to close the year hereafter on the *first of April.*

On the 10th of March, 1851, the Board passed the following Preamble and Resolutions, in respect to *ante-dating Commissions.*

"In consequence of the constantly repeated applications of Presbyteries to ante-date Commissions; some for three, others for six, and some even for twelve months, and without any apparent reason other than want of attention and prompt action on the part of Presbyteries and Committees of Presbyteries on Missions, thereby embarrassing the business of the Board, and depriving the Board of an accurate knowledge of the expenses of our Missions, for which provision must be made weekly, therefore,

1. *Resolved*, That the Presbyteries and the Committees of Presbyteries on Missions, be respectfully requested to have Commissions of their Missionaries renewed, before the expiration of their time of service, if practicable to do so; and *in all cases to state definitely the time when they wish the Commission to be dated.*

2. *Resolved*, That from and after the 1st day of May, 1851, the Board will *ante-date* no Commission *beyond two months from the time of the reception of the application at the Mission Rooms*, either in Philadelphia or in Louisville."

The number of *Churches* and *Missionary stations, wholly or in part supplied*, has been as far as reported 1,113; the number of newly organized churches, 49; the number of *admissions on Examination* 2,118, and on certificate 1,760, making a *total of admissions* of 3,878. The number *in Communion* with the Missionary Churches, 25,894. The number of *Sabbath schools*, 610; of *Teachers*, 4,096; and of *Scholars*, 24,824. Baptisms, 2,279; Houses of Worship erected, 64. When these returns were incorporated into the Report, there were 145 Missionaries not heard from; consequently they fall far short of the true state of the Missionary work of the Church.

The Missionaries in their respective fields, according to their special Reports, have been regularly and faithfully employed in preaching the Gospel; conducting prayer-meetings and Bible-classes; promoting Temperance; circulating the Scriptures and good books; visiting families, and in every way seeking to build up the people of God in their most holy faith, and to enlarge His kingdom, by bringing the ungodly to a saving acquaintance with our Lord and Saviour Jesus Christ. The state of Religion in the Missionary field, has on the whole been encouraging, and especially so for the last half of the year. Many interesting revivals have been reported, which may well inspire us with gratitude to God, and with courage and zeal in the work.

Nor should we fail to record with the liveliest thankfulness the

attention paid, in some part of our bounds, *to the Religious Instruction of the Colored population.*

From all the *Middle and Western States* we have received but one Report in which any mention is made of efforts to preach the Gospel to this people. Two colored Ministers have been in connection with the Board during the year; one in New York, and the other in New Jersey, serving colored congregations of limited numbers; one of these, has some months since, resigned his commission.

The moral and religious condition of the colored population in all these States, especially in the chief towns, is such as calls loudly for the sympathies and aid of Christians of all denominations.

From the *Southern and South-Western States* we have received, within a few months, some fifty Reports, giving account of labor performed and of much encouragement in this field. A wide and an effectual door is opened; and to judicious and faithful instruction there are no obstacles interposed, and where exceptions to this statement occur, they are few and far between. It is well known to the Assembly, that *the Presbyteries on the field* have the sole choice and power of selecting and appointing Missionaries for this service, and the Board acts only *by and through them, and agreeably to their wishes.*

*The enlargement of the Church* the past year, chiefly through the instrumentality of her Missions, has been the division of the *Presbytery of Brazos* into three Presbyteries, and also the division of the *Presbytery of Wisconsin* into three Presbyteries; these opening our way to the constitution and addition of *two new Synods.* And also the division of the Presbytery of Iowa into *two* Presbyteries, *the Presbytery of Iowa* and *the Presbytery of Cedar.*

These Presbyteries in Iowa number 17 Ministers. Two years ago there was but one Minister on the ground now covered by the Presbytery of Cedar.

Two Missionaries were sent out to Oregon this Spring, *the Rev. Edward R. Geary*, and *the Rev. Robert Robe.* The former went by the Isthmus, and the latter by the overland route.

These brethren, together with the Rev. Lewis Thompson, who is already in that field, are sufficient to constitute a Presbytery. And it is the desire of the Board that the General Assembly direct the organization of the Presbytery of Oregon at such time and place as they may think best.*

* The following Resolution was passed unanimously by the Assembly, and this Presbytery directed to be constituted

"*Resolved*, That the Assembly do hereby order and constitute a Presbytery in Oregon, consisting of Rev. Lewis Thompson, Rev. Edward R. Geary and Rev. Robert Robe, and that they be empowered to assemble and constitute themselves a Presbytery, at such time and place during the ensuing Summer or Autumn, as may be found most convenient to them, and report to the next General Assembly; and for this purpose these brethren be detached from the Presbyteries to which they belong; and when formed, the Presbytery be attached to the Synod of New York, and the Presbytery to be called the Presbytery of Oregon."

There have been drafts drawn against this sum, up to May 1st, 1851, but not presented for payment when the Reports of the Treasurers were made out, amounting to $2,022 14; and to this we must add $1,000, money borrowed by the Western Executive Committee at Louisville, for the payment of Missionaries, and for which the Board is bound, making $3,022 14, leaving a balance in the general account of all the Treasuries, in favor of the Board, of $4,034 60.*

We could report a larger balance in favor of the Board had it not sustained a considerable loss in consequence of *the embezzlement of its funds by the late Treasurer, William D. Snyder.*

The loss amounted to $5,895,91, of which $3,365 02 were on account of *Church extension*, and the balance $2,530 89 on account of *missions.* This loss was ascertained on the 14th of October last, the day after the present Corresponding Secretary entered upon the duties of his office.

The Board have taken every step in their power to recover this loss from Mr. Snyder. They have obtained assets from him estimated at $1,527 91. His friends have paid for him $440 00, thus reducing the loss to $3,928 20. And by a *special contribution* from a number of the friends of the Board in Philadelphia, made immediately after the discovery of the loss, we shall realize some $1,290, which will be appropriated to the payment of this defalcation. The actual amount therefore of loss to the Board will be, if no more special contributions are made by its friends for its relief, $2,638 20. The Board have obtained judgment against Mr. Snyder to the amount of his defalcation, but there is little hope of realizing any thing under it. Should he ever pay up the judgment, the special contribution of $1,290, will be added to the general receipts of the Board.

This loss is the first of its kind in the history of Missions in the Church, and it has been a most humbling and afflicting event. We must not suffer it to relax our energies, nor to destroy our reason-

**Over two thousand dollars* of this balance is in the Presbyterial Treasuries, and cannot be drawn for except to pay Missionaries within the bounds of the respective Presbyteries holding the same.

able and necessary confidence in our fellow men; for that would at once put an end to all the business both of the Church and the world. Confidence may always be abused. Where faith begins, deception, if it will, may enter.

The Board in electing another Treasurer, have secured a gentleman, *Mr. Samuel D. Powel*, every way qualified for the office, and of established Christian character and integrity, and as he is regularly salaried, they have taken ample securities of him: a measure, somewhat unusual in the conduct of the benevolent enterprises of the Church, but which it is believed will meet the approbation of the Assembly, and the Church at large. Having done all in their power to prevent a recurrence of such an event, the Board hope that by God's blessing success may crown their efforts.

In consequence of this loss, some delay occurred in the payment of the Missionaries of the Board, especially in the west and southwest. But we hope, by the generous contributions of the Churches, and the good hand of God upon us, that we shall go smoothly on in time to come. The Missionaries in all parts of the field are under the care of the Board; the Board itself is responsible for the payment of their appropriations, and regards and places them all upon an equality, without distinction or partiality.

The usual amount of *clothing* has been contributed by the Churches, and distributed to Missionaries as their wants have been made known, much to their comfort and advantage; and we trust the benevolent *Females* of our Churches, to whom we owe so much for their works of faith and labors of love, may not relax in this most useful department of their charities. The Board, in the name of numerous Missionaries and their families, and in the name of the Assembly, would return to them their sincere thanks.

## CHURCH EXTENSION.

This important scheme was moved in the Assembly of 1843, and carried into effect by Act of the Assembly in 1844, and very wisely made a branch of our Domestic Missionary work.

The whole amount of receipts from May 1, 1844, to May 1, 1851, *seven years*, is $43,399 75. Of which sum, $33,724 65, was contributed by *individual donors*, and only $9,675,10 by the Churches! The average contribution to this fund, *annually*, has been $6,199 96. Thus it will appear, to our astonishment, when it is remembered how extensively this fund has been drawn upon by Churches and Presbyteries, that *not one-fourth* of the contributions have been supplied by the Churches! The individual donors out of 207,254 Church members fall below 100! And out of 2,595 Churches, not above 125 or 130 have taken up collections for this fund! And yet the General Assembly ordered a collection to be taken up once a year for this specific object in all the Churches. *Min.* 1844, *pp.* 374,

375. Out of 127 Presbyteries there has been one Presbyterial collection, amounting to $5 29. One Sabbath School and two Ladies' Benevolent Associations have sent in contributions: and we have had one small legacy!

Surely this is but a small business in our Church for so important, and we may add, indispensable a work. We have good reason to blush at the report of it!

*The state of the funds* is as follows. The whole amount received from May 1, 1850, to May 1, 1851, is $6,492 17. Of which, $3,290 50 was received from individuals, and $3,201 67 from Churches. This whole amount has been paid out, leaving a balance in the Treasury of only $29 65.

Appropriations were made up to November, in aid of 30 Churches: and 39 Churches have been finished, and have received their appropriations from the Committee.

The whole number of Churches aided by the Board, and brought to completion since May 1, 1844, is 297, *or* 42 *annually:* which is indeed a very large result from the limited means placed at the disposal of the Board, and demonstrates the wisdom, necessity and success of this scheme.

Upon an inspection of the appropriations granted by the Church Extension Committee, and the state of the funds in November, 1850, it was discovered that the Committee had made appropriations, for which it was liable, up to May 1, 1850, as reported to the last Assembly, to the amount of $11,134 70. And up to November 8, 1850, additional appropriations had been made to the amount of 3,975: making a total of $15,109 70! The funds in the Treasury to meet these appropriations as they should be called for, amounted, May 1, 1850, as reported to the Assembly, to $4,454 66; and there had been received in addition up to November 30th, 1850, $2,194 19: the whole amounting to $6,648,85. By the defalcation of the Treasurer, disclosed on the 14th of October, this fund sustained a loss of $3,365,02. So that in November we had a debt incurred by the Committee in the way of appropriations of $8,460 85, and little or nothing in the Treasury to meet it!

Under these circumstances the Committee, with the approval of the Board, very judiciously ceased to grant any *new* appropriations, until the state of the Treasury should warrant their going on. The number of applications for aid received since November 8, 1850, and deferred, is between 40 and 50, and still they come!

The following Preamble and Resolutions in relation to appropriations were adopted by the Church Extension Committee, March 8, 1851, and confirmed by the Board, March 10, 1851, and will hereafter regulate the action of the Committee.

"It being impossible for the Church Extension Committee ever to know the exact state of its available funds, without subjecting the appropriations to some limited time, during which the Committee

will be responsible, but no time beyond that limit; and in consequence of appropriations being made and continued to Churches for a series of years from whom nothing is heard, and the funds are thereby locked up, and more recent applications cannot be responded to from Churches which would immediately build if their applications were granted, and thus destroying that equality of right to this Fund, which should be open upon just conditions to all the Churches:—for these considerations, and the necessity of the case, the Committee unanimously adopt the following resolutions *in relation to all future appropriations, as well as to those already made.*

1. *Resolved*, That if appropriations to Churches are not called for within two years from the date of their application, the appropriations shall be considered as withdrawn, and the Committee be no longer liable for the same.

2. *Resolved*, That this rule shall apply to all appropriations which have been made to Churches *within a year from this date.*

3. *Resolved*, That all appropriations of one year's standing, unless called for by the Churches *within a year from this date*, shall be withdrawn, and the Committee be no longer responsible for the same.

4. *Resolved*, That all appropriations which have been made *two years and over from this date* be withdrawn; and the Churches notified, that if they still desire their appropriations they will be required to make new and regular applications for the same, and give assurance that their Churches will be completed within a year from the date of said application."

By the foregoing Resolutions, appropriations of long standing, to 33 Churches, amounting to $3,475 are now cut off, which may or may not be renewed according as the terms prescribed by the Committee for renewal, are or are not complied with by these Churches.

We have left 44 Churches to which appropriations have been made, amounting to $5,725, for which the Committee is liable: and although the Treasury is empty at present, yet we hope contributions may be received from time to time sufficient to meet the appropriations as they become due.

The number of *agents* during the year, has been less than the wants of the missionary work demanded.

No agent has been employed on the Atlantic slope. Some agency work has been done by the Corresponding Secretary, and by the Assistant Secretary, from the office in Philadelphia, but the extent of territory visited, has been very limited. Indeed the Corresponding Secretary cannot, in consistency with a proper discharge of his duties as such, be much employed in the work of an agent.

The Rev. Joseph Smith, and the Rev. Charles Sturdevant have been employed during the year: the former in connection with the Central Agency, embracing the Synods of Ohio, Wheeling and Pittsburgh, and a part of the time in the bounds of the Synod of Philadelphia: and the latter in connection with the Committee at

Louisville: and both with encouraging success. The Rev. C. Leavenworth was engaged as a special agent for a few months in the Synods of Indiana and Cincinnati; and with encouragement.

*The usual Statistical Table* of Missionaries, and labors performed, is now laid with this Report before the Assembly for inspection, together with all the papers relating to the state of the Treasury.

The term of service of the following members of the Board expires during the meeting of this Assembly.

# APPENDIX.

## SIXTH ANNUAL REPORT OF THE WESTERN EXECUTIVE COMMITTEE OF THE BOARD OF MISSIONS. PRESENTED APRIL 25, 1851, TO THE BOARD OF MISSIONS OF THE GENERAL ASSEMBLY.

Dear Brethren:—In presenting to your body the report of our labours for another year, we need only give you a summary of the results at which we have arrived, as you have been made acquainted with the details of our action by our minutes, which have been submitted to you from month to month, and approved by you. Amid the ravages of disease and death in this great valley, during the past summer, our entire committee have been preserved, and our lives are graciously prolonged, and we are permitted still to labour to promote the interests of Christ's kingdom in this interesting portion of his vineyard. Notwithstanding the prevalence of the epidemic and other hindrances, which greatly embarrassed our operations during the early part of the year, we are happy to be able to report a considerable advance in the results, upon those of any former year of our labours. Our branch of the Church now meets with more favour, and the labours of her ministers are more sought for and appreciated by the people generally, in our field, than at any former period. Had we but the right kind of men, and the money to sustain them, we could find fields of labour promising a rich harvest, for fully double the number we now have employed.

In comparing our labours with those of the preceding year, we find that we have re-commissioned two missionaries less than we did last year, and commissioned thirty-five more, most of them in new fields, not before occupied by them, making a clear gain of thirty-three labourers in our field over the number of any former year. The whole number commissioned in our field within the year is one hundred and ninety-eight. This does not include those who were in commission at the commencement of the year, whose commissions have not been renewed. This is a greater advance in the number of labourers than has been made in any previous year since our committee was appointed. We have received into our treasury, excluding borrowed money to the amount of $1,000, $20,643 48, being a gain of 1,349 38, over the amount contributed last year. Last year we received legacies to the amount of $5,000, whereas, we have received only about 2,000 the same way the present year. The above sums do not include $1100 raised in the city of New Orleans, and expended in the support of a missionary in that city, nor $900 contributed by the Presbytery of South Alabama, and appropriated to missionaries commissioned by them, nor a large amount, supposed to be at least $2,000, contributed in St. Louis, and expended in the same way. As applications for the commissions of a portion of these Missionaries was not made until the year of their labours had almost expired, we have deemed it best to report these sums in this way, and not as coming regularly through our treasury. Including the above sums, it will appear that the *contributions from the churches* exceed those of the former year by about $4,349 38, which shows that our cause is gradually gaining a stronger hold upon the affections and contributions of our people. Including

the sums mentioned above, we have raised about $24,643 48 in our whole field, in money, and $2,885 97 worth of clothing.

We have employed Rev. Charles Sturdevant as a general agent, for the whole year. As he has served the Board with general acceptance and success for more than four years, we need only to say that his labours have been quite as acceptable to us, and we believe to the churches generally, as at any former time. Their results may be seen, in part, in the increase of funds in our treasury. For the details we refer you to his report, which will accompany this report. Rev. C. Leavenworth laboured as a special agent in the Synods of Cincinnati and Indiana for four and a half months. The results were increased contributions in many of the churches visited by him, over those of former years. The committee desired to secure his labours for a longer period in that field, but other engagements prevented. In addition to these, missionary and exploring agents were appointed for the States of Iowa, Missouri, Illinois, Synod of Memphis and Texas, but only two of the brethren appointed have actually entered upon the work. These are the Rev. Daniel L. Gray, for the Synod of Memphis, and the Rev. J. D. Mason, for the State of Iowa. Mr. Gray entered upon his labors about the first of January, and within the first quarter he succeeded in raising nearly $1400, besides exploring several destitute neighbourhoods and churches, and aiding them in securing the labours of missionaries. Mr. Mason has not raised much money, but his labours in exploring the field, and introducing a number of valuable young men into it, and bringing before the Church a more minute knowledge of the wants and future prospects of that rapidly growing State, have more than repaid the Church for all the small amount of salary expended on him. The results, thus far, of these missionary and exploring agencies, have convinced the committee that if adopted with care and prudence, and an eye to rigid economy, in view of the limited resources of the Board, they will be of great utility in pushing forward the work of domestic missions in the more destitute portions of our country. The danger is, that if increased too fast, they will consume our funds in exploring the field, to such an extent, as to leave nothing to supply the destitutions, when discovered, with the stated ministry. If the churches would but increase their contributions as their ability would warrant, we might have such an exploring agency in every Synod, nay, in every Presbytery in our whole valley. Such a thing is greatly needed, and the Church will never do her whole duty to the country, until she has accomplished it. This, however, cannot be done until there is a vast increase in the resources of the Board over what it has ever had. In conclusion, when we compare the present state of missionary operations in our field at this time, with its condition six years since, the time of the appointment of the committee in the West, though we have much cause of regret that we have not done more to push forward the work in this great valley, confessedly the most important missionary field in the world, yet we have also much to encourage us, and convince us that we have not laboured in vain. On the 1st of May, 1845, there were in commission in our field, ninety-three missionaries. At the present time, there are one hundred and sixty-one. The field then included Michigan and Northern Indiana, which have since been transferred to the Eastern Committee, but the Synod of Mississippi then acted independently, though its funds were counted in the amount then raised for domestic missions in our field. There were raised for the year ending May 1st, 1845, $11,369 58. This year we have raised on the same field, the Synod of Northern Indiana excluded, $20,643 48, being nearly double what was raised in 1845. These facts, when compared with the growth of this cause in other parts of the Church, will show that the West, though by no means doing her whole duty in the premises, is coming up to it with as much, if not more rapidity, than the other parts of the Church. We mention them not to reproach others, or boastingly to set forth the results of our own labours, and the liberality of our churches. We in the West have done far less than we ought to have done, and could have done had we been more faithful. But we state them to encourage the Board, and through them our brethren generally, in the older and more favoured portions of the Church, to assist us in spreading the gospel as our Church holds and teaches it, in this wide valley. Brethren, the field which we cultivate is vast in extent and natural resources, its destitutions are without number, the souls of its teeming population are daily crowding into the eternal world, perishing for the want of a faithfully preached gospel. Will you not help us to give it to them *now?* Send us your best men and the money to sustain them, and we will

receive them with warm hearts, and see that none of them shall "rust out" for the want of work to do.

We will only add that our treasury is already overdrawn about $1,000. To meet this deficiency we have borrowed $1,000, and have paid up all the missionaries who have reported to this date.

Praying the great Head of the Church to guide you with unerring wisdom, and to crown all your labours for his glory with the most abundant success, we are yours truly, in the bonds of Christian affection,

E. P. HUMPHREY, *Ch'm.*
W. W. HILL, *Sec.*

## ACTION OF THE GENERAL ASSEMBLY OF 1851.

Dr. Krebs, from the Committee to whom had been referred the Report of the Board of Missions, submitted the following resolutions, which were read and laid on the table for future action:

1. *Resolved,* That the report be adopted and published under the direction of the Board.

2. *Resolved,* That in view of the vast field for domestic missions now opened in our country, and exhibited in detail in the Report, that it be earnestly recommended to all of the churches to make increased efforts to enlarge their contributions to that Board; and that it be recommended to our pastors and stated supplies, to bring the facts presented in the Report of the Board fully before the people of their charge, and if possible introduce among them some systematic form of maturing their contributions.

3. *Resolved,* That the direction of the Assembly in 1844 (Minutes pp. 374 and 375) be renewed; that a special collection be taken up in all the churches in aid of Church Extension, and that the Assembly rejoices in the success which has thus far attended this scheme, although the contributions have fallen far short of the importance and necessity of the scheme, and our own obligations to sustain it.

4. *Resolved,* That the results of the Domestic Missionary work of the General Assembly for the last twenty-one years, viz: from 1830 to 1850 inclusive, the increase of our missionaries from 101 to 591; the increase of our funds from $12,000 to 79,000; the organization of 943 new churches; the erection of 1484 houses of worship; the addition of over 40,000 souls to the missionary churches, on profession of their faith; the constitution of a number of new Presbyteries and Synods, and a great enlargement of our territorial boundaries, and also the results of the past year, by the report, being most favourable—all furnish to the Assembly an occasion for profound gratitude to the God of Missions, and of encouragement to us to proceed unitedly and vigorously with the work.

5. *Resolved,* That the Board of Missions be requested to keep in view the increasing number and religious wants of the German population in our country, and to do whatever may be practicable, to furnish them with the ministry and means of grace.

6. *Resolved,* That the General Assembly rejoices in the special interest which is manifested by so large a number of our Presbyteries in the work of Domestic Missions, and looks forward with an assured hope that this interest will become universal, and that it must result, under God, in incalculable blessings to our Church and country.
